## SYNOPSIS

1. By way of the present writ petition, your Petitioner has been constrained to approach this Hon'ble Court invoking its extra-ordinary jurisdiction vested under Articles 226 and 227 of the Constitution of India, 1950 challenging the Show-Cause Notice No. 10/2023-SLES/3601/Mines dated 19.11.2024 (**"Impugned Show Cause Notice dated 19.11.2024"**) and consequential Demand vide Notice No. VII (C) 10/2023(SLES)-3664/Mines dated 27.11.2024 (**"Impugned Demand Notice dated 27.11.2024"**) issued by the Deputy Director of Mines, Joda Circle, Keonjhar for being issued in complete and brazen violation of the very principles of natural justice, as well as being bad in law, arbitrary, unreasonable, and hit by Articles 14, 19(1)(g) and 300-A of the Constitution of India, 1950.
2. The Impugned Show Cause Notice dated 19.11.2024 and the consequential Impugned Demand Notice dated 27.11.2024 are in flagrant violation of the principles of natural justice for the following reasons:
  - a. The Reports, which formed the foundation for the allegations in the show-cause notice were not shared despite repeated requests by the Petitioner;
  - b. In the absence of the documents/reports forming the foundation of the allegations, the allegations in the Impugned Show-Cause Notice dated 19.11.2024 are wholly vague and unintelligible in nature.
  - c. The Impugned Demand Notice dated 27.11.2024 is a cryptic and unreasoned order, which has been passed on the very same day as the Petitioner filed its preliminary response without any application of mind and with total disregard to the response furnished by the Petitioner;

## B

- d. The entire process has been conducted as an empty formality with a pre-meditated mindset which is evident from the prejudicial and unusually hasty manner in which the Petitioner was denied a fair and effective opportunity of being heard; and
  - e. That apart from the fact that the Petitioner was not given copies of the Reports on the basis of which the Show-Cause Notice was issued, the Petitioner was not even afforded an opportunity of personal hearing;
  - f. The arbitrary and biased approach of the Opposite Parties is especially evident since the subject matter of the dispute is complex and technical in nature. In view of the absence of foundational documents and the unreasonably short time granted, the Petitioner's ability to present a fair and effective response, further exacerbates the prejudice caused.
3. That, the following facts in brief would demonstrate the aforesaid patent breach of principles of natural justice by the Opposite Party State:
- (i) The Petitioner is the leaseholder of Jajang Mining Block in the State of Odisha.
  - (ii) On 03.07.2024 and 04.07.2024, an inspection was purportedly conducted by the State Level Enforcement Squad (SLES). The Petitioner asserts that the constitution of the said SLES has never been provided to the Petitioner, and it reserves the jurisdiction and authority of the SLES to even carry out such an inspection.
  - (iii) Pursuant thereto, a show cause notice dated 29.08.2024 was issued to the Petitioner wherein, two allegations were raised "*as per joint inspection report conducted by SLES team*" at the Petitioner's Jajang

## C

Iron Ore Block. *Ex facie*, the two allegations raised in this show-cause notice are vague, unclear and completely un-intelligible, particularly because the so-called joint inspection report was not annexed with the show-cause notice.

- (iv) On 04.09.2024, the Petitioner responded requesting for a copy of the joint inspection report so that it could understand the allegations being made in the said show-cause notice and respond to them.
- (v) Strangely, for over 2 months, the Petitioner received no communication whatsoever from the State authorities.
- (vi) Thereafter, out of the blue, another show-cause notice was issued on 19.11.2024. This new allegation is now stated to be on the basis of two reports, *firstly*, Joint inspection report conducted by SLES team earlier; and *secondly*, a new report submitted by a Committee (headed by Mining Officer) constituted on 30.08.2024.
- (vii) The Petitioner was granted a mere seven days' time to respond to this new allegation vis-a-vis purported discrepancies related to 16 stacks of ore, again without the Petitioner being given a copy of either (a) the joint inspection report of SLES; or (b) the new Report by the Committee headed by the Mining Officer.
- (viii) Pertinently, while the aforesaid show cause notice granted seven days to furnish a reply, it strangely scheduled personal hearing on 22.11.2024 after three days at 11:30am. This unequivocally demonstrates that the entire show cause was pre-meditated, a mechanical exercise and an empty formality.

## D

- (ix) On 22.11.2024, the Petitioner responded to the show cause notice dated 19.11.2024 and highlighted that neither the SLES Report, the Stack details nor the report prepared by the committee constituted by the DDM/ Opposite party No. 2 has been supplied to the Petitioner. Without such reports, the Petitioner would not be in a position to verify the alleged discrepancies in the show-cause from its end and furnish an effective reply.
- (x) In reply, on 25.11.2024, the DDM/ Opposite party No. 2 issued a cryptic response fixing the personal hearing to 27.11.2024. However strangely, neither the SLES Report nor the Committee Report were provided to the Petitioner despite express requests.
- (xi) Dismayed by the repeated refusal to provide the two reports in question, the Petitioner vide email dated 27.11.2024 at 7:02 pm, submitted a brief preliminary reply, again stating that in the absence of the two reports, it was unable to properly understand the allegation in Impugned Show Cause Notice dated 19.11.2024 and thus not able to effectively respond to it.
- (xii) In the said reply, handicapped as it was due to non-provision of the Reports, the Petitioner to the best of its limited understanding disputed any discrepancies with respect to the said stacks of ore. The Petitioner also clarified that all the stacks in question had been duly verified by the Mining Officer, and permissions for despatch thereof were issued following the payment of royalty and other statutory dues and there is no discrepancy as alleged.

## E

(xiii) Shockingly, on 27.11.2024 itself, without even affording the Petitioner an opportunity of personal hearing, the Opposite Party No. 2 issued the Impugned Demand of around Rs. 155 crores on surmises and conjectures without providing the Petitioner the said reports as requested or allowing it any opportunity to respond to the allegations in detail. In fact, the Impugned Demand does not even attempt to engage with the Petitioner's reply and rejects it cryptically stating "not satisfactory". Even more shockingly, the Demand Notice, which appears to be pre-drafted states "*...after receive of the report submitted by the internal squad on dt. 07.11.2024....., you have taken permission to dispatch*". The said statement is completely false inasmuch as no report has ever been shared with the Petitioner, despite repeated requests.

4. As the above sequence of facts lucidly demonstrate, the entire show-cause proceedings initiated from 19.11.2024 to its culmination in the Impugned Demand on 27.11.2024 has been conducted in a mechanical pre-meditated manner. Even though the Petitioner repeatedly requested for the said reports, which admittedly formed the basis of the show-cause proceedings, the same were not provided to it. The same unequivocally demonstrates that the whole proceeding was a premeditated exercise and an empty formality in egregious violation of principles of natural justice. In such circumstances, the Petitioner has been constrained to approach this Hon'ble Court to set aside the entire show-cause proceedings as well as Impugned Demand.

# F

## LIST OF DATES

Sl. No.	Date	Particulars
1.	06.12.2019	State Government of Odisha, in accordance with Section 8A of the Mine and Minerals (Development and Regulation) Act, 1957 and the relevant Rules thereunder, issued a Notice Inviting Tender for auction of 20 mining blocks, including the Jajang Iron Ore Block.
2.	27.06.2020 (Annexure 1 at pgs 62 to 137)	State Government executed the lease deed for the mining block in favour of the Petitioner for a period of fifty years.
3.	03.07.2024 and 04.07.2024	Inspection was conducted by State Level Enforcement Squad in respect of the subject mine. However, the report pursuant to the inspection or findings thereof were not intimated to the Petitioner Company.
4.	29.08.2024 (Annexure 2 at pgs 138 to 140)	Deputy Director of Mines, Joda, Opposite Party No. 2 issued a show cause notice purportedly based on the SLES Report and sought justifications from the Petitioner to explain the alleged violations. Pertinently, it stated that 84 balance stacks were available in the leasehold area, as opposed to 341 nos. of balance stacks in the year 2022-23, 113 nos. of balance stacks in 2023-24 and 110 nos. of balance stacks in 2024-25 (as on 04.07.2024) as per "i3MS Report". On this alleged so-called discrepancy between SLES Report and i3MS data, the show-cause notice presumed that the Petitioner has somehow

# G

		despatched the balance quantity of ore without obtaining transit pass. The allegations are bald, vague and appear to be mere surmises. Strangely, the SLES Report, which clearly formed the sole foundation of the aforesaid show cause notice was not enclosed therewith or was ever provided to the Petitioner.
5.	04.09.2024 (Annexure 3 at pg 141)	Petitioner issued a letter to DDM/ Opposite party No. 2 categorically stating that the copy of the SLES Report was not included as part of the show cause notice dated 29.08.2024 due to which the Petitioner was unable to fully comprehend the so-called allegations made by the SLES team which are reflected in the show-cause notice. Accordingly, the Petitioner requested for a copy of SLES Report as well as an extension of seven days from the date such documents are furnished to enable it to verify the data and submit a comprehensive reply.
6.	19.11.2024 (Annexure 4 at pgs 142 to 143)	DDM/ Opposite party No. 2 issued another show cause notice. In the said Show-Cause Notice, the Opposite party No. 2 has stated that based on the findings in the SLES Report, another committee headed with the Mining Officer was formed on 30.08.2024. The said Committee purportedly went through the SLES Report and verified in the field and reported that 16 stacks are not available in their designated coordinates. However, as with the earlier show-cause notice, the present show-cause notice also did not enclose the SLES Report nor the report of the present Committee and was again vague, bald

## H

		and unintelligible in the absence of the reports referred therein.
7.	22.11.2024 (Annexure 5 at pgs 144 to 145)	Petitioner responded to the show cause notice dated 19.11.2024 and highlighted that neither the SLES Report nor the report prepared by the committee constituted by the DDM/ Opposite party No. 2 has been supplied to the Petitioner. Without such reports, the Petitioner is not in a position to verify the discrepancies, if at all from its end and furnish an effective reply. Therefore, the Petitioner requested the DDM/ Opposite party No. 2 to provide copies of both the reports and further to grant at least two weeks' time thereafter to review the documents and furnish a comprehensive reply.
8.	25.11.2024 (Annexure 6 at pg 146)	DDM/ Opposite party No. 2 fixed the personal hearing to 27.11.2024 and asking to submit the reply on or before 27.11.2024 stating that no further time will be given in this matter. However, neither the SLES Report nor the Committee Report were provided to the Petitioner.
9.	27.11.2024 at 7:02 PM (Annexure 7 at pgs 147 to 187) (Annexure 8 at pg 188)	Petitioner left with no alternative filed a preliminary response categorically highlighting the effective denial of principles of natural justice in the instituted proceedings and submitted that the show cause proceedings ought to be dropped. Further, the Petitioner also requested to provide the SLES Report and the details with the Committee Report so as to submit a comprehensive reply followed by an effective personal hearing in the matter.

# I

10.	27.11.2024/ 28.11.2024 (Annexure 9 at pgs 189 to 192) (Annexure 10 at pg 193)	DDM/ Opposite Party issued the Demand Notice directing the Petitioner to pay Rs. 68,21,49,375/- for the cost of ore under Section 21(5) of the MMDR Act, 1957 purportedly for unauthorized dispatch of such 16 stacks of ore, Rs. 10,26,07,203/- towards royalty, Rs.75,24,52,823/- towards Premium, Rs.1,02,60,721/- towards DMF, Rs. 20,52,144/- towards NMET within 7 days of issuance of the Demand Notice. Pertinently, in the Impugned Demand Notice, the Opposite party No. 2 has not engaged with any of the points raised by the Petitioner in its preliminary reply, and has dismissed the same cryptically stating “not satisfactory”. The Impugned Demand Notice prepared and signed on dated 27.11.2024 has been received by the Petitioner through e-mail from DDM on dated 28.11.2024 at 1.52 P.M.

**MOST RESPECTFULLY SHEWETH:**

1. That, by means of the present Writ Petition, the Petitioner has been constrained to approach this Hon'ble Court invoking its extraordinary jurisdiction vested under Articles 226 and 227 of the

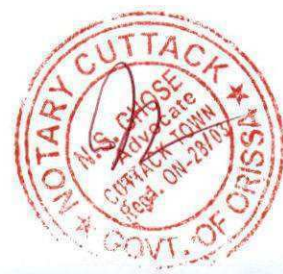

Constitution of India, 1950 challenging the Show-Cause Notice No. 10/2023-SLES/3601/Mines dated 19.11.2024 (**"Impugned Show Cause Notice dated 19.11.2024"**) and consequential Demand vide Notice No. VII (C) 10/2023(SLES)-3664/Mines dated 27.11.2024 (**"Impugned Demand Notice dated 27.11.2024"**) issued by the Deputy Director of Mines, Joda Circle, Keonjhar for being issued in complete and brazen violation of the very principles of natural justice, as well as being bad in law, arbitrary, unreasonable, and hit by Articles 14, 19(1)(g) and 300-A of the Constitution of India, 1950.

The Impugned Show Cause Notice dated 19.11.2024 and the consequential Impugned Demand Notice dated 27.11.2024 are in flagrant violation of the principles of natural justice for the following reasons:

- a. The Reports, which formed the foundation for the allegations in the show-cause notice were not shared despite repeated requests by the Petitioner;

- b. In the absence of the documents/reports forming the foundation of the allegations, the allegations in the Impugned Show-Cause Notice dated 19.11.2024 are wholly vague and unintelligible in nature.
- c. The Impugned Demand Notice dated 27.11.2024 is a cryptic and unreasoned order, which has been passed on the very same day as the Petitioner filed its preliminary response without any application of mind and with total disregard to the response furnished by the Petitioner;
- d. The entire process has been conducted as an empty formality with a pre-meditated mindset which is evident from the prejudicial and unusually hasty manner in which the Petitioner was denied a fair and effective opportunity of being heard; and
- e. That apart from the fact that the Petitioner was not given copies of the Reports on the basis of which the Show-Cause Notice was issued, the Petitioner was not even afforded an opportunity of personal hearing;
- f. The arbitrary and biased approach of the Opposite Parties is especially evident since the subject matter of the dispute is

complex and technical in nature. In view of the absence of foundational documents and the unreasonably short time granted, the Petitioner's ability to present a fair and effective response, further exacerbates the prejudice caused.

2. That, the following facts in brief would demonstrate the aforesaid patent breach of principles of natural justice by the Opposite Party State:

- (i) The Petitioner is the leaseholder of Jajang Mining Block in the State of Odisha.
- (ii) On 03.07.2024 and 04.07.2024, an inspection was purportedly conducted by the State Level Enforcement Squad (SLES). The Petitioner asserts that the constitution of the said SLES has never been provided to the Petitioner, and it reserves the jurisdiction and authority of the SLES to even carry out such an inspection.
- (iii) Pursuant thereto, a show cause notice dated 29.08.2024 was issued to the Petitioner wherein, two allegations were raised "*as per joint inspection report conducted by SLES team*" at

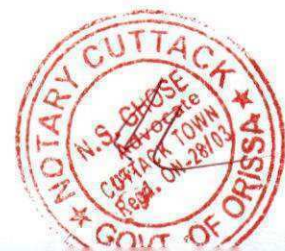

the Petitioner's Jajang Iron Ore Block. *Ex facie*, the two allegations raised in this show-cause notice are vague, unclear and completely un-intelligible, particularly because the so-called joint inspection report was not annexed with the show-cause notice.

- (iv) On 04.09.2024, the Petitioner responded requesting for a copy of the joint inspection report so that it could understand the allegations being made in the said show-cause notice and respond to them.
- (v) Strangely, for over 2 months, the Petitioner received no communication whatsoever from the State authorities.
- (vi) Thereafter, out of the blue, another show-cause notice was issued on 19.11.2024. This new allegation is now stated to be on the basis of two reports, *firstly*, Joint inspection report conducted by SLES team earlier; and *secondly*, a new report submitted by a Committee (headed by Mining Officer) constituted on 30.08.2024.

The Petitioner was granted a mere seven days' time to respond to this new allegation vis-a-vis purported

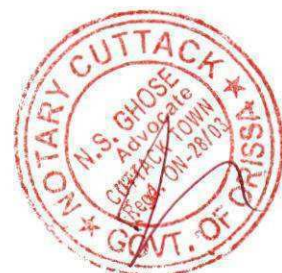

discrepancies related to 16 stacks of ore, again without the Petitioner being given a copy of either (a) the joint inspection report of SLES; or (b) the new Report by the Committee headed by the Mining Officer.

- (vii) Pertinently, while the aforesaid show cause notice granted seven days to furnish a reply, it strangely scheduled personal hearing on 22.11.2024 after three days at 11:30am. This unequivocally demonstrates that the entire show cause was pre-meditated, a mechanical exercise and an empty formality.
- (viii) On 22.11.2024, the Petitioner responded to the show cause notice dated 19.11.2024 and highlighted that neither the SLES Report, the Stack details nor the report prepared by the committee constituted by the DDM/ Opposite party No. 2 has been supplied to the Petitioner. Without such reports, the Petitioner would not be in a position to verify the alleged discrepancies in the show-cause from its end and furnish an effective reply.
- (ix) In reply, on 25.11.2024, the DDM/ Opposite party No. 2 issued a cryptic response fixing the personal hearing to

27.11.2024. However strangely, neither the SLES Report nor the Committee Report were provided to the Petitioner despite express requests.

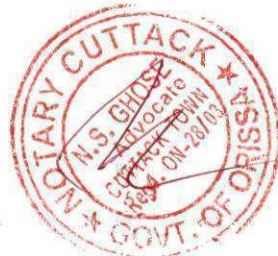

- (x) Dismayed by the repeated refusal to provide the two reports in question, the Petitioner vide email dated 27.11.2024 at 7:02 pm, submitted a brief preliminary reply, again stating that in the absence of the two reports, it was unable to properly understand the allegation in Impugned Show Cause Notice dated 19.11.2024 and thus not able to effectively respond to it.
- (xi) In the said reply, handicapped as it was due to non-provision of the Reports, the Petitioner to the best of its limited understanding disputed any discrepancies with respect to the said stacks of ore. The Petitioner also clarified that all the stacks in question had been duly verified by the Mining Officer, and permissions for despatch thereof were issued following the payment of royalty and other statutory dues and there is no discrepancy as alleged.

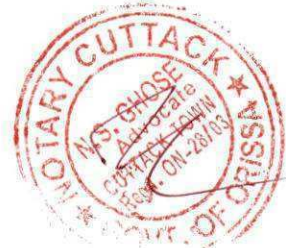

(xii) Shockingly, on 27.11.2024 itself, without even affording the Petitioner an opportunity of personal hearing, the Opposite Party No. 2 issued the Impugned Demand of around Rs. 155 crores on surmises and conjectures without providing the Petitioner the said reports as requested or allowing it any opportunity to respond to the allegations in detail. In fact, the Impugned Demand does not even attempt to engage with the Petitioner's reply and rejects it cryptically stating "not satisfactory". Even more shockingly, the Demand Notice, which appears to be pre-drafted states "...after receive of the report submitted by the internal squad on dt. 07.11.2024....., you have taken permission to dispatch". The said statement is completely false inasmuch as no report has ever been shared with the Petitioner, despite repeated requests.

As the above sequence of facts lucidly demonstrate, the entire show-cause proceedings initiated from 19.11.2024 to its culmination in the Impugned Demand on 27.11.2024 has been conducted in a mechanical pre-meditated manner. Even though the Petitioner repeatedly requested for the said reports, which admittedly formed

the basis of the show-cause proceedings, the same were not provided to it. The same unequivocally demonstrates that the whole proceeding was a premeditated exercise and an empty formality in egregious violation of principles of natural justice. In such circumstances, the Petitioner has been constrained to approach this Hon'ble Court to set aside the entire show-cause proceedings as well as Impugned Demand.

3. That the Petitioner is a Company registered under the provisions of the Companies Act, 1956 having its registered Office P.O. Bandra-Kurla Complex. Bandra (E), P.S. Bandra, Dist. Mumbai Maharashtra – 400051. The Petitioner is being represented by its General Manager (Legal) who has been duly authorized by virtue of Power of Attorney dated 12.07.2024. The Petitioner is one of the pioneer manufacturers of iron and steel in the country and current leaseholder of Jajang Mining Block situated in the State of Odisha.
4. That the Deputy Director of Mines, Joda, Keonjhar (DDM/**Opposite Party No. 2**) is the authority which issued the Impugned Show Cause Notice dated 19.11.2024 and consequential Impugned

Demand dated 27.11.2024. All the Opposite Parties are the functionaries of the State Government and therefore, fall within the meaning of 'State' under Article 12 of the Constitution of India. The Opposite Parties are amenable to the writ jurisdiction of this Hon'ble Court.

5. That the cause of action for filing the present Writ Petition arises within the territorial jurisdiction of this Hon'ble Court.
6. That the facts leading to the filing of the present writ application are as follows:
  - a. The State Government of Odisha, in accordance with Section 8A of the Mine and Minerals (Development and Regulation) Act, 1957 ("**MMDR Act, 1957**") and the relevant Rules thereunder, issued a Notice Inviting Tender ("**NIT**") on 06.12.2019 for auction of 20 mining blocks, including the Jajang Iron Ore Block. In the ensuing auction, the Petitioner Company emerged as the successful bidder for the Jajang Iron Ore Block. Consequently, on 27.06.2020, after deposit of statutory dues, the State Government executed the lease

deed for the mining block in favour of the Petitioner for a period of fifty years.

A copy of the Mining Lease Deed of the Petitioner for Jajang Mining Block is annexed herewith as **Annexure-1.**

- b. That thereafter, the Petitioner commenced mining operations, strictly complying with the statutory provisions as set out in the MMDR Act, 1957, MCR, 2016 and Orissa Minerals (Prevention of Theft, Smuggling and Illegal Mining and Regulation of Possession, Shortage and Transportation) Rules, 2007 ("**OMPTS Rules, 2007**") framed under Section 23C of the MMDR Act, 1957.
- c. That all dispatches by the Petitioner from its mining block are effected only on issuance of lifting permission and transit permits by the competent authority under the OMPTS Rules, 2007. The entire process is strictly regulated, supervised and is always preceded by not only grade analysis done in a government laboratory to determine the grade of ore, but also physical inspection and verification by the Senior Inspector of Mines as per the procedure specified under Rule 10 of the OMPTS Rules, 2007 read with the

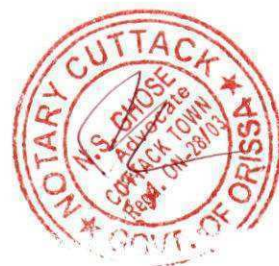

Operational Guidelines dated 28.04.2021 notified by the Steel & Mines Department, Govt. of Odisha.

- d. That, it may not be out of place to also note that the ore produced from the Mine is and can only be dispatched after due payment of , royalty, DMF, NMET and other statutory dues, pursuant to which transit passes for removal of ore from the leasehold area is issued by the statutory authorities. After removal of ore, the Premium is paid on monthly basis. The Petitioner has also been diligently filing its daily, monthly and annual statutory returns with the Indian Bureau of Mines and other authorities showing its detailed production and despatch figures in compliance with all applicable laws and regulations.

**Inspection by State Level Enforcement Squad and First Show**

**Cause Notice**

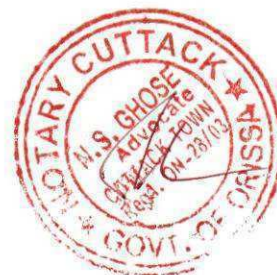

- e. That while the matters stood thus, an inspection was conducted by State Level Enforcement Squad ("SLES") in respect of the subject mine on 03.07.2024 and 04.07.2024. It is stated that report pursuant

to the inspection (“SLES Report”) or findings thereof were not intimated to the Petitioner Company.

- f. Thereafter, the DDM/ Opposite Party No. 2 issued a show cause notice dated 29.08.2024 purportedly based on the SLES Report and sought justifications from the Petitioner to explain the alleged violations. Pertinently, it stated that 84 balance stacks were available in the leasehold area, as opposed to 341 nos. of balance stacks in the year 2022-23, 113 nos. of balance stacks in 2023-24 and 110 nos. of balance stacks in 2024-25 (as on 04.07.2024) as per “i3MS Report”. On this alleged so-called discrepancy between SLES Report and i3MS data, the show-cause notice presumed that the Petitioner has somehow despatched the balance quantity of ore without obtaining transit pass. The allegations are bald, vague and appear to be mere surmises. Strangely, the SLES Report, which clearly formed the sole foundation of the aforesaid show cause notice was not enclosed therewith or was ever provided to the Petitioner.

A copy of show cause notice *vide* File No. 10/2023-SLES 2884/Mines dated 29.08.2024 issued by the DDM/ Opposite Party No. 2 is annexed herewith as Annexure-2.

- g. That, in response, on 04.09.2024, the Petitioner issued a letter to DDM/ Opposite party No. 2 categorically stating that the copy of the SLES Report was not included as part of the show cause notice dated 29.08.2024 due to which the Petitioner was unable to fully comprehend the so-called allegations made by the SLES team which are reflected in the show-cause notice. Accordingly, the Petitioner requested for a copy of SLES Report as well as an extension of seven days from the date such documents are furnished to enable it to verify the data and submit a comprehensive reply.

A copy of the Petitioner's letter dated 04.09.2024 *vide* Ref. No. JSW/JIOM/2024-25/124 is annexed herewith as Annexure-3.

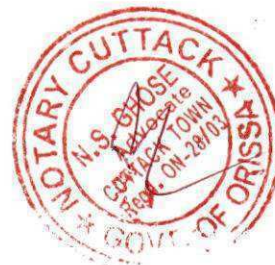

*Issuance of Fresh/ Second Show Cause Notice and Demand Notice*

- h. That, the Petitioner did not receive any response to the aforesaid letter for nearly two months.

- i. That, out of the blue, on 19.11.2024, the DDM/ Opposite party No. 2 issued another show cause notice ("**Impugned Show Cause Notice dated 19.11.2024**"). In the said Show-Cause Notice, the Opposite party No. 2 has stated that based on the findings in the SLES Report, another committee headed by the Mining Officer was formed on 30.08.2024. The said Committee purportedly went through the SLES Report and verified in the field and reported that 16 stacks are not available in their designated coordinates. However, as with the earlier show-cause notice, the present show-cause notice also did not enclose the SLES Report nor the report of the present Committee and was again vague, bald and unintelligible in the absence of the reports referred therein.
- j. That, as a consequence, the Petitioner remained wholly in dark about the findings of the Committee and the methodology adopted, or any other data whatsoever to arrive at such allegations. It is reiterated that while even the Impugned Show Cause Notice dated 19.11.2024 relied upon the SLES Report as the foundation, neither the SLES

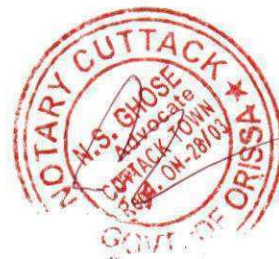

Report nor the present Committee Report was provided to the Petitioner.

- k. That, apart, it is also relevant to highlight that while the Impugned Show Cause Notice dated 19.11.2024 granted seven days to furnish a reply, it strangely scheduled the personal hearing on 22.11.2024 just after three days at 11:30 am. This unequivocally demonstrates that the entire show cause was pre-meditated, a mechanical exercise and entire proceedings an empty formality.

A copy of show cause notice *vide* File No. 10/2023-SLES3601/Mines dated 19.11.2024 issued by the DDM/ Opposite Party No. 2 is annexed herewith as Annexure-4.

- l. That, on 22.11.2024, the Petitioner responded to the show cause notice dated 19.11.2024 and highlighted that neither the SLES Report nor the report prepared by the committee constituted by the DDM/ Opposite party No. 2 has been supplied to the Petitioner. Without such reports, the Petitioner is not in a position to verify the discrepancies, if at all from its end and furnish an effective reply.

Therefore, the Petitioner requested the DDM/ Opposite party No. 2 to provide copies of both the reports and further to grant at least two weeks' time thereafter to review the documents and furnish a comprehensive reply.

A copy of the Petitioner's letter dated 22.11.2024 *vide* Ref. No. JSW/S/CO/2024/695 is annexed herewith as Annexure- 5.

- m. That, in reply, on 25.11.2024, the DDM/ Opposite party No. 2 fixed the personal hearing to 27.11.2024 and asking to submit the reply on or before 27.11.2024 stating that no further time will be given in this matter. However, neither the SLES Report nor the Committee Report were provided to the Petitioner.

A copy of letter *vide* File No. 10/2023-SLES3650/Mines dated 25.11.2024 issued by the DDM/ Opposite Party No. 2 is annexed herewith as Annexure- 6.

- n. That, handicapped as it was due to non-provision of the Reports, the Petitioner left with no alternative filed a preliminary response categorically highlighting the effective denial of principles of natural

justice in the instituted proceedings and further placed the following objections:

- i. The Committee Report, the SLES Report, as well as the details of the stacks referenced in the show cause notice, were not provided to JSW.
- ii. Despite seeking two weeks to file a reply, the DDM granted only a single day's extension.
- iii. As far as the allegations on merits were concerned, to its limited understanding, the Petitioner stated that of the 16 stacks under scrutiny, 11 were old stacks that had been lying within the lease area for over a year, either due to lapses or repeated re-permissions. Moreover, most of these stacks had either been dispatched or were under the process of dispatch following due permission or re-permission granted under prescribed Form-L by the concerned authority as per OMPTS Rules, 2007. A tabulation of all the 16 stacks in question was provided in the aforesaid letter along with respective Despatch Permissions in prescribed Form L issued by the concerned authority. The Petitioner also

*Seal*

clarified that all stacks in question had been duly verified by the JMO, approved by the DDM, and permissions were issued following the payment of royalty, DMF & NMET.

- iv. The Petitioner also highlighted that the process of stack preparation is fully governed by the provisions of the OMPTS Rules, 2007, and the corresponding Operational Guidelines, with no scope for manual intervention.

In view of the above, the Petitioner submitted that the show cause proceedings ought to be dropped. Further the Petitioner also requested to provide the SLES Report and the details with the Committee Report so as to submit a comprehensive reply followed by an effective personal hearing in the matter. Pertinently the said reply was submitted through e-mail on dated 27.11.2024 evening at 7.02 P.M.

A copy of the Petitioner's letter dated 27.11.2024 *vide* Ref. No. JSW/S/CO/2024/702 is annexed herewith as Annexure-7.

A copy of e-mail dated 27.11.2024 enclosing the preliminary reply submitted by Petitioner is annexed herewith as Annexure-8.

- o. That, without considering the Petitioner's response to the Impugned Show Cause Notice and without affording opportunity of personal hearing post submission of the preliminary reply, on the very same day i.e. 27.11.2024, the DDM/ Opposite Party issued the Demand Notice directing the Petitioner to pay Rs. 68,21,49,375/- for the cost of ore under Section 21(5) of the MMDR Act, 1957 purportedly for unauthorized dispatch of such 16 stacks of ore, Rs. 10,26,07,203/- towards royalty, Rs.75,24,52,823/- towards Premium, Rs.1,02,60,721/- towards DMF, Rs. 20,52,144/- towards NMET within 7 days of issuance of the Demand Notice (**"Impugned Demand Notice"**) by invoking the provisions of the MMDR Act, 1957 and the rules made thereunder for an alleged violation of Rule 10 of the OMPTS Rules, 2007. Pertinently, in the Impugned Demand Notice, the Opposite party No. 2 has not engaged with any of the points raised by the Petitioner in its preliminary reply, and has dismissed the same cryptically stating "not satisfactory". The Impugned Demand Notice prepared and signed on dated 27.11.2024 has been received by the Petitioner through e-mail from DDM on

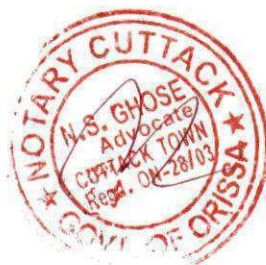

dated 28.11.2024 at 1.52 P.M. It is quite shocking that when the Petitioner's preliminary reply was sent on 27.11.2024 at 7.02 pm, how the DDM issued the demand dated 27.11.2024 itself. It is quite evident that the demand is a pre-drafted order, which has been issued as part of a premeditated exercise without any consideration of the Petitioner's reply.

A copy of the Demand Notice No. VII(C)10/2023(SLES)-3664/Mines dated 27.11.2024 issued by the DDM/ Opposite Party No. 2 is annexed herewith as Annexure-9.

A copy of e-mail dated 28.11.2024 issued by DDM enclosing the Impugned Demand Notice is annexed herewith as Annexure-10.

7. That, the Petitioner states that the entire show-cause proceedings initiated from 19.11.2024 to its culmination in the Impugned Demand on 27.11.2024 has been conducted with unusual haste, without even supplying the Petitioner the reports of the SLES or the Committee, which admittedly form the foundation of the show-cause proceedings. The same unequivocally demonstrates that the

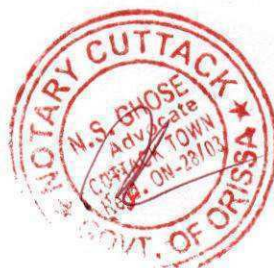

whole proceeding was a pre-meditated exercise and an empty formality in complete violations of principles of natural justice.

8. That, as far as the allegations in the show-cause notice on merits are concerned, the Petitioner, without prejudice, respectfully submits that considering the stringent systems in place for ore dispatch through the i3MS system in Odisha, it is practically impossible to dispatch material without the requisite government approvals. Every tonne of ore dispatch from the subject mine is preceded by verification of stacks by designated Mining Officers, submission of samples at the Deputy Director of Chemical Analysis (“DDCA”) Office for chemical analysis (in sealed/tagged bags), followed by uploading of Form K in the i3MS portal, and further application for dispatch permission through Form J via the i3MS web application. Subsequent thereto, all statutory payments, including Royalty, DMF, NMET, and User Fee, are made by the Petitioner, upon which Form L is issued by the Deputy Director of Mines. Transit passes under Form M1 are generated for each truck at the weighbridge under the supervision of a dedicated Weighbridge Clerk authorized

and deputed by the office of DDM/ Opposite party No. 2. This diligent process ensures that all iron ore dispatch activities are conducted in strict accordance with regulatory protocols and standards. The Petitioner craves leave to address all issues on merits in detail once it is provided a copy of the Reports, and given a fair and effective opportunity of responding to the allegations raised against it. The Petitioner has already paid Rs. 15 crores towards Royalty, DMF & NMET and would pay further statutory dues of approximately Rs. 50 crores towards bid premium within the statutory due date leviable against the said 16 stacks for which prior permission for removal has already been obtained from the concerned authority.

9. That, it is submitted that the Petitioner has never, during the subsistence of its mining lease, dispatched ores without the transit passes. Therefore, in view of the above, it clear that the Petitioner has fulfilled the procedure given under Rule 10 of OMPTS, Rules 2007. However, the Petitioner reserves its right to challenge the said reports in all aspects, as and when it receives such reports.

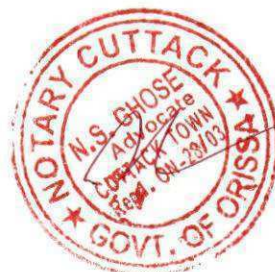

10. That, being aggrieved of the Impugned Demand Notice dated 27.11.2024 and the Impugned Show Cause Notice dated 19.11.2024, the Petitioner begs to prefer the instant writ application under Article 226 & 227 of the Constitution of India, 1950 *inter alia*, on the following amongst other:

**GROUND S**

**THE IMPUGNED SHOW-CAUSE PROCEEDINGS AS WELL  
AS THE DEMAND NOTICE ARE IN GROSS VIOLATIONS  
OF PRINCIPLES OF NATURAL JUSTICE**

- A. FOR THAT, the Impugned Demand Notice dated 27.11.2024 and the Impugned Show Cause Notice dated 19.11.2024 are arbitrary and illegal since the same has been passed in flagrant violations of the principles of natural justice and complete non-application of mind, are without jurisdiction and authority of law, and in contravention of the MMDR Act, 1957 and Rules framed thereunder as well as Articles 14, 19(1)(g) and 300-A of the Constitution of India, 1950.

**B.** FOR THAT, the Impugned Demand Notice dated 27.11.2024 and the Impugned Show Cause Notice dated 19.11.2024 is in flagrant violation of the principles of natural justice for the following reasons:

- a. The reports, which formed the foundation for the allegations in the show-cause notice were not shared despite repeated requests;
- b. In the absence of the documents forming the foundation of the allegations, the allegations in the Impugned Show-Cause Notice dated 19.11.2024 are wholly vague and unintelligible in nature.
- c. The Impugned Demand Notice dated 27.11.2024 is a cryptic and unreasoned order that has been passed without any application of mind and with total disregard to the response furnished by the Petitioner to the best of its limited understanding of the vague and unintelligible allegations;

- d. The entire process has been conducted as an empty formality with a pre-meditated mindset which is evident from the prejudicial and unusually hasty manner in which the Petitioner was denied a fair and effective opportunity of being heard;
- e. The arbitrary and biased approach of the Opposite Parties is especially evident since the subject matter of the dispute is complex and technical in nature. In view of the absence of foundational documents and the unreasonably short time granted, the Petitioner's ability to present a fair and effective response, further exacerbating the irremediable prejudice caused.

*The non-supply of the foundational documents i.e. the SLES Report and the Report prepared by the Committee despite specific requests deprives the right of fair and effective hearing of the Petitioner and vitiates the instant proceedings*

- C. FOR THAT, the Opposite Party No. 2 has blatantly contravened the principles of natural justice by neither supplying the SLES Report & stack details nor the report prepared by the committee,

both of which formed the foundation of the Impugned Demand Notice and the Impugned Show Cause Notice. It is settled law that every person before an authority exercising adjudicatory powers has a right to know the evidence to be used against him. Pertinently, the Hon'ble Supreme Court in *Kothari Filaments v. Commr. of Customs*, (2009) 2 SCC 192 held the following:

*"15. The Act does not prohibit application of the principles of natural justice. The Commissioner of Customs either could not have passed the order on the basis of the materials which were known only to them, copies whereof were not supplied or inspection thereto had not been given. He, thus, could not have adverted to the report of the overseas enquiries. A person charged with misdeclaration is entitled to know the ground on the basis whereof he would be penalised. He may have an answer to the charges or may not have. But there cannot be any doubt whatsoever that in law he is entitled to a proper hearing which would include supply of the documents. Only on knowing the contents of the documents, he could furnish an effective reply."*

*(emphasis supplied)*

D. FOR THAT, the Hon'ble Supreme Court has most recently in *T. Takano v. SEBI*, (2022) 8 SCC 162 further cemented this position and held that:

*"50. The following principles emerge from the above discussion:*

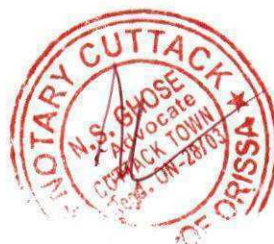

*50.1. A quasi-judicial authority has a duty to disclose the material that has been relied upon at the stage of adjudication.*

*50.2. An ipse dixit of the authority that it has not relied on certain material would not exempt it of its liability to disclose such material if it is relevant to and has a nexus to the action that is taken by the authority. In all reasonable probability, such material would have influenced the decision reached by the authority.*

*50.3. Thus, the actual test is whether the material that is required to be disclosed is relevant for purpose of adjudication. If it is, then the principles of natural justice require its due disclosure."*

*(emphasis supplied)*

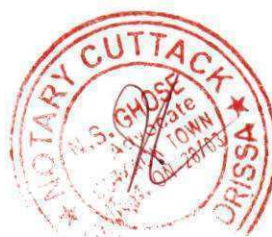

- E. FOR THAT, applying the aforesaid test laid down by the Hon'ble Supreme Court in *Takano (supra)*, the SLES Report and the Committee Report in the present case are not merely relevant or tangentially connected to the allegations, rather, they form the very foundation of the proceedings initiated against the Petitioner. These documents directly inform the allegations and conclusions reached by the Opposite Parties, rendering their disclosure absolutely imperative. Moreover, there are no exceptional circumstances or legitimate reasons whatsoever for withholding these critical documents, and the failure to disclose them constitutes a gross violation of the principles of natural justice. Therefore, the right to

an effective hearing for the Petitioner has been vitiated by the non-supply of these documents.

- F. FOR THAT, it is respectfully submitted that in the absence of any access to the information contained in the SLES Report or the Report prepared by the Committee, the Petitioner cannot be reasonably expected to *anticipate* or *guess* the methodology adopted or review the veracity of the assessment undertaken by the authorities. Pertinently, the Petitioner in its preliminary response dated 27.11.2024 categorically stated that "*unless the details of such coordinates and reports are not provided to us, we are unable to verify/ cross check the same from our end*". The lack of transparency is further underscored by the glaring inconsistencies between the findings of these reports. While the SLES Report indicated that there is discrepancy of stacks available in the mine with that of the balance stacks showing in i3MS database purportedly derived from the system, the Committee subsequently reduced this figure to 16 stacks observing the same to be not in their designated coordinates without providing any explanation of the

methodology adopted, the data reviewed, or the rationale for this revision.

- G. FOR THAT, this lack of clarity heightens the possibility of further discrepancies and/or inaccuracies, particularly when the Petitioner, in its preliminary response, provided a detailed explanation addressing the status of the 16 stacks in question. The contradictory findings between the reports are a testament to the arbitrary nature of the assessment and the urgent need to supply these documents to the Petitioner. Without access to these reports, the Petitioner is deprived of the opportunity to critically examine the veracity of the conclusions or to prepare a meaningful defense, thereby violating the principles of fairness and procedural propriety.

*In the absence of the documents forming the foundation of the allegations, the allegations in the Impugned Show-Cause Notice dated 19.11.2024 are vague and unintelligible in nature.*

- H. FOR THAT, the absence of the foundational documents i.e. the SLES Report and the Report prepared by the Committee renders

the Impugned Show Cause Notice dated 19.11.2024 vague and unintelligible, thereby depriving the Petitioner from effectively responding to the aforesaid notice.

I. FOR THAT, the Hon'ble Supreme Court in *CCE v. Brindavan Beverages (P) Ltd.*, (2007) 5 SCC 388 held as follows:

*"14. There is no allegation of the respondents being parties to any arrangement. In any event, no material in that regard was placed on record. The show-cause notice is the foundation on which the Department has to build up its case. If the allegations in the show-cause notice are not specific and are on the contrary vague, lack details and/or unintelligible that is sufficient to hold that the noticee was not given proper opportunity to meet the allegations indicated in the show-cause notice....."*

*(emphasis supplied)*

In the present case, the Impugned Show Cause Notice dated 19.11.2024 merely states that 16 stacks are not available at their designated coordinates, without clarifying whether the allegation pertains to dispatch, misplacement, or any technical deficiency. Furthermore, in the absence of foundational documents such as the SLES Report and the Committee Report, the Petitioner has no

means to examine the methodology adopted, assess the veracity of the allegations, or determine the precise nature of the purported deficiency. The lack of disclosure and the vague framing of allegations deprive the Petitioner of a fair opportunity to respond or undertake any corrective action, if required. The undisclosed methodology forms the genesis of any response or compliance by the Petitioner, and its non-availability undermines procedural fairness and violates the principles of natural justice.

*The Impugned Demand Notice dated 27.11.2024 is a cryptic and unreasoned order that has been passed without any application of mind and with total disregard to the detailed response furnished by the Petitioner.*

- J. FOR THAT, the issuance of a non-reasoned order, despite the Petitioner having furnished a response to the best of its limited understanding of the vague, unintelligible allegations, exposes the pre-meditated approach by the Opposite Party No. 2. It is pertinent to note that the Petitioner furnished a clarification to the so-called discrepancies in the show-cause notice in its preliminary response

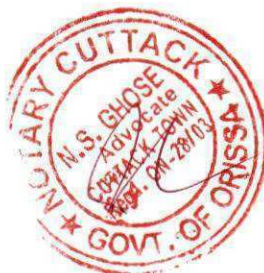

dated 27.11.2024. However, in complete disregard to the aforesaid preliminary response, the DDM/ Opposite Party No. 2, on the very same day, passed the Impugned Demand Notice dated 27.11.2024 and merely recorded that the reply “*was found not satisfactory*”. It is respectfully submitted that such a passive and bald observation at best qualifies as a conclusion but not the reasons leading up to the formation of such conclusion. Therefore, the Impugned Demand Notice is an unreasoned order passed without any application of mind.

K. FOR THAT, the Hon’ble Supreme Court in *Kranti Associates (P) Ltd. v. Masood Ahmed Khan*, (2010) 9 SCC 496, extensively dealt with the importance of reasoned orders and culled out the following conclusions:

“47. Summarising the above discussion, this Court holds:

(a) *In India the judicial trend has always been to record reasons, even in administrative decisions, if such decisions affect anyone prejudicially.*

(b) *A quasi-judicial authority must record reasons in support of its conclusions.*

(c) *Insistence on recording of reasons is meant to serve the wider principle of justice that justice must not only be done it must also appear to be done as well.*

(d) *Recording of reasons also operates as a valid restraint on any possible arbitrary exercise of judicial and quasi-judicial or even administrative power.*

(e) *Reasons reassure that discretion has been exercised by the decision-maker on relevant grounds and by disregarding extraneous considerations.*

(f) *Reasons have virtually become as indispensable a component of a decision-making process as observing principles of natural justice by judicial, quasi-judicial and even by administrative bodies.*

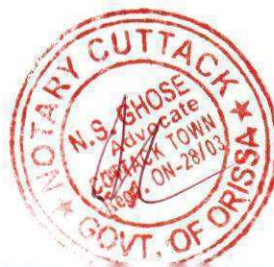

(g) *Reasons facilitate the process of judicial review by superior courts.*

(h) *The ongoing judicial trend in all countries committed to rule of law and constitutional governance is in favour of reasoned decisions based on relevant facts. This is virtually the lifeblood of judicial decision-making justifying the principle that reason is the soul of justice.*

(i) *Judicial or even quasi-judicial opinions these days can be as different as the judges and authorities who deliver them. All these decisions serve one common purpose which is to demonstrate by reason that the relevant factors have been objectively considered. This is important for sustaining the litigants' faith in the justice delivery system.*

(j) *Insistence on reason is a requirement for both judicial accountability and transparency.*

(k) *If a judge or a quasi-judicial authority is not candid enough about his/her decision-making process then it is impossible to know whether the person deciding is faithful to the doctrine of precedent or to principles of incrementalism.*

(l) *Reasons in support of decisions must be cogent, clear and succinct. A pretence of reasons or "rubber-stamp reasons" is not to be equated with a valid decision-making process.*

(m) *It cannot be doubted that transparency is the sine qua non of restraint on abuse of judicial powers. Transparency in decision-making not only makes the judges and decision-makers less prone to errors but also makes them subject to broader scrutiny. (See David Shapiro in Defence of Judicial Candor [(1987) 100 Harvard Law Review 731-37] .)*

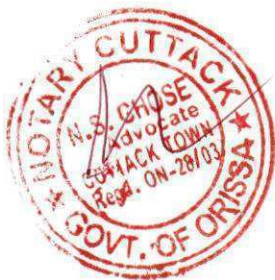

(n) *Since the requirement to record reasons emanates from the broad doctrine of fairness in decision-making, the said requirement is now virtually a component of human rights and was considered part of Strasbourg Jurisprudence. See Ruiz Torija v. Spain [(1994) 19 EHRR 553] EHRR, at 562 para 29 and Anya v. University of Oxford [2001 EWCA Civ 405 (CA)] , wherein the Court referred to Article 6 of the European Convention of Human Rights which requires,*

*"adequate and intelligent reasons must be given for judicial decisions".*

(o) *In all common law jurisdictions judgments play a vital role in setting up precedents for the future. Therefore, for development of law, requirement of giving reasons for the decision is of the essence and is virtually a part of "due process".*

*(emphasis supplied)*

*Sal*  
L. FOR THAT, the Hon'ble High Court of Andhra Pradesh at Hyderabad in *K. Ashok Kumar v. Greater Hyderabad Municipal Corporation*, 2012 SCC OnLine AP 383 specifically dealt with

the usage of phrase “*found not satisfactory*” in quasi-judicial orders and observed the following:

*“Whereas the relevant portion of the impugned order reads as under:*

*“the reply submitted by you vide reference 3<sup>rd</sup> cited in response to the show-cause notice has been examined and the same is not found satisfactory.”*

*To say the least this is most unsatisfactory way of deciding an issue. Every order must contain the reasons for the conclusion arrived thereat. It is the reasons which provide the links to the conclusions. The relevance of those reasons must lend support to the conclusion. The expressions “found not satisfactory” are reflective of the conclusion but, not the reason. As to why the explanation offered by the petitioners is not satisfactory, forms part of their process of reasoning.”*

*(emphasis supplied)*

It is pertinent to note that the Hon’ble High Court of Andhra Pradesh at Hyderabad has consistently followed this jurisprudence, as would be evident from *Sala Venkanna v. State of A.P.*, 2023 SCC OnLine AP 758 and *Jarripothula Veera Venkata Satyanarayana v. State of A.P.*, 2023 SCC OnLine AP 3607. It is respectfully submitted that the aforesaid approach is in alignment with the principles of fairness and transparency and ought to be

adopted in the instant case. Therefore, the instant Impugned Demand Notice dated 27.11.2024 being without any reasons ought to be quashed since it is an unreasoned order passed without any application of mind.

*The entire process has been conducted as an empty formality with a pre-meditated mindset which is evident from the pre-judicial and hasty manner in which the Petitioner was denied a fair and effective opportunity of being heard;*

- M. FOR THAT, it is submitted that the undue haste with which the proceedings were conducted render the entire proceedings as an empty formality and reflect the pre-meditated mindset of the Opposite Parties. This can be evidenced by, for instance, the scheduling of the personal hearing in less than three days (i.e. on 22.11.2024 at 11:30am) from the issuance of the show cause notice (i.e. on 19.11.2024). This can be similarly observed by the Opposite Party No. 2 merely granting an extension by 1 day for the submission of reply *vide* its letter dated 25.11.2024.

*Seal*

N. FOR THAT, it is pertinent to note that the Hon'ble Supreme Court in *Oryx Fisheries (P) Ltd. v. Union of India*, (2010) 13 SCC 427 has held that:

*"31. It is of course true that the show-cause notice cannot be read hypertechnically and it is well settled that it is to be read reasonably. But one thing is clear that while reading a show-cause notice the person who is subject to it must get an impression that he will get an effective opportunity to rebut the allegations contained in the show-cause notice and prove his innocence. If on a reasonable reading of a show-cause notice a person of ordinary prudence gets the feeling that his reply to the show-cause notice will be an empty ceremony and he will merely knock his head against the impenetrable wall of prejudged opinion, such a show-cause notice does not commence a fair procedure especially when it is issued in a quasi-judicial proceeding under a statutory regulation which promises to give the person proceeded against a reasonable opportunity of defence."*

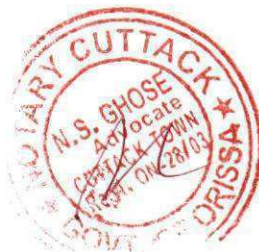

*(emphasis supplied)*

O. FOR THAT, the Hon'ble Supreme Court has adopted a proactive approach in dealing with proceedings initiated with a pre-meditated mindset wherein it has taken a step further to assert that in such cases, even a hearing of the matter afresh would not yield any

fruitful purpose. The Hon'ble Supreme Court in *Siemens Ltd. v. State of Maharashtra*, (2006) 12 SCC 33 specifically observed the following:

*"9. Although ordinarily a writ court may not exercise its discretionary jurisdiction in entertaining a writ petition questioning a notice to show cause unless the same inter alia appears to have been without jurisdiction as has been held by this Court in some decisions including State of U.P. v. Brahm Datt Sharma [(1987) 2 SCC 179 : (1987) 3 ATC 319 : AIR 1987 SC 943] , Special Director v. Mohd. Ghulam Ghouse [(2004) 3 SCC 440 : 2004 SCC (Cri) 826] and Union of India v. Kunisetty Satyanarayana [(2006) 12 SCC 28 : (2006) 12 Scale 262] , but the question herein has to be considered from a different angle viz. when a notice is issued with premeditation, a writ petition would be maintainable. In such an event, even if the court directs the statutory authority to hear the matter afresh, ordinarily such hearing would not yield any fruitful purpose. (See K.I. Shephard v. Union of India [(1987) 4 SCC 431 : 1987 SCC (L&S) 438 : AIR 1988 SC 686] .) It is evident in the instant case that the respondent has clearly made*

*up its mind. It explicitly said so both in the counter-affidavit as also in its purported show-cause notice."*

*(emphasis supplied)*

P. FOR THAT, the Opposite Party No. 2 has egregiously failed to effectively comply with the obligation to grant an opportunity of hearing to the Petitioner by providing *less than three days* in scheduling the briefing to respond to the show cause notice. Therefore, the Opposite Party No. 2's hasty, premature and arbitrary actions in failing to grant an effective opportunity to the Petitioner to respond consequently amounts to conducting the proceedings as an *empty formality* with a pre-meditated mindset and hence, the Impugned Demand Notice merits to be quashed on this ground alone.

*The arbitrary and biased approach of the Opposite Parties is especially prejudicial since the subject matter of the dispute is complex and technical in nature.*

Q. FOR THAT, the arbitrary and biased conduct of the Opposite Parties is especially prejudicial given the inherently complex and technical nature of the subject matter in dispute. The Petitioner's ability to present a fair and effective response was irreparably hindered by the Opposite Parties' refusal to furnish foundational documents essential for understanding the allegations. Despite the Petitioner, in its preliminary response dated 27.11.2024, explicitly stating that "*unless the details of such coordinates and reports are not provided to us, we are unable to verify/cross-check the same from our end*" no meaningful opportunity to respond on merits was afforded. The lack of clarity, compounded by the unreasonably short time granted, exacerbated the prejudice caused, violating the principles of fairness and natural justice.

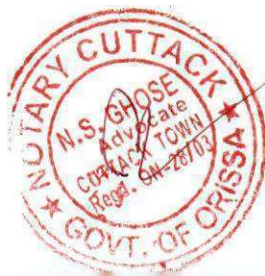

R. FOR THAT, the actions of the Opposite Parties reflect a disregard for procedural propriety, particularly in light of the Petitioner's efforts to engage meaningfully despite the constraints imposed. Despite the lack of access to the foundational documents, the Petitioner, in its preliminary response, provided a detailed

explanation addressing the status of the 16 stacks in question. However, this was only a preliminary response, and the Petitioner had clearly communicated its inability to respond comprehensively without access to the foundational documents. By denying access to such documents and failing to provide a reasonable timeframe, the Opposite Parties effectively precluded the Petitioner from offering a substantive response or verifying the accuracy of the allegations. Such actions highlight an arbitrary and biased approach that undermines the fairness of the adjudicatory process.

**THE IMPUGNED DEMAND IS BASED WHOLLY ON  
SURMISES AND CONJECTURES**

- S. FOR THAT, the Impugned Demand Notice is perverse and based on surmises and conjectures in as much as it employs the phrase "*indicates*" to draw a co-relation between alleged unavailability and dispatch without an iota of evidence to substantiate such allegations of dispatch. It is submitted that the mere allegation of unavailability and legitimate application for permission cannot justify an inference of clandestine (allegedly illegal) removal of

ores (as sought to be done in the present case). In order to attribute an act of clandestine removal upon the leaseholder either there must be a clear admission to this effect on the part of leaseholder or it must be corroborated by further credible evidence that there is clandestine removal. In the present case, there is no credible evidence on the part of the Opposite party No. 2 to come to a conclusion that the Petitioner has dispatched the ores. In this context, it is pertinent to note that the Hon'ble Supreme Court in *Oudh Sugar Mills Ltd. v. Union of India*, (1978) 2 ELT (J172) held that no show cause notice or an order can be based on assumptions and presumptions and further noted that such findings based on such assumptions and presumptions without any tangible evidence will be vitiated by an error of law.

- T. FOR THAT, the Hon'ble Supreme Court in the case of *Lalchand Bhagat Ambica Ram v. Commissioner of Income Tax, Bihar and Orissa* reported in (1959) 37 ITR 288 has held that orders of assessment should not be made based on suspicion, conjectures or surmises nor without any evidence and if the said assessment

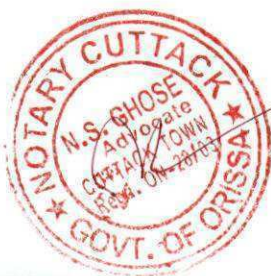

suffers from the aforesaid infirmities, then the same ought to be set aside. The aforesaid principle of law has also been laid down in the case of *Commissioner of Income Tax, Bihar and Orissa, Patna v. S.P. Jain* reported in (1973) 3 SCC 824.

- U. FOR THAT, it is incumbent upon administrative authorities to issue a speaking and reasoned order, a principle firmly embedded in our legal framework. However, the Impugned Demand Notice conspicuously lacks any rationale or explanation for the rejection of the Petitioner's defense stated in its show cause reply.

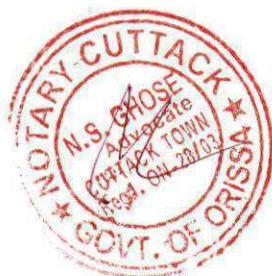

**THE IMPUGNED DEMAND NOTICE IS WITHOUT JURISDICTION AND AUTHORITY OF LAW**

- V. FOR THAT, Section 23C of the MMDR Act, 1957 empowers the State Government to make rules for prevention of (i) illegal mining, (ii) illegal transportation and (iii) illegal storage of minerals. The State, in exercise of its powers conferred under Section 23C(1), has framed the OMPTS Rules, 2007. Pertinently, even though the impugned order refers to violation of Rule 10 of the OMPTS Rules,

2007, no penalty has been imposed under the said Rules. Rather, the Impugned Demand seeks to recover the cost of ore, royalty, DMF charges, NMET charges and auction premium which is relatable to Section 21(5), 9(1), 9B (5), 9C(4) of the MMDR Act, 1957 and Rule 13(2) of the Mineral Auction Rules, 2015 respectively for alleged unauthorized dispatch of ore from the said 16 stacks, despite the Petitioner duly providing details of the same.

- W. FOR THAT, Rule 10(5) read can have application only in cases where there has been dispatch of minerals without any transit permit. The DDM/ Opposite party No. 2 had no jurisdiction to issue the Impugned Demand Notice, inasmuch as there is no evidence or finding that even a single ton of iron ore area left the leasehold area without a transit permit thereby resulting in non-compliance of Rule 10(5). Rather, the Impugned Demand Notice has been issued on a mere presumption that it has dispatched the ores without any prior transit permit.

**WITHOUT PREJUDICE TO THE CONTENTION ON VIOLATION  
OF NATURAL JUSTICE, THE PETITIONER ASSERTS THAT  
THERE IS NO UNAUTHORIZED DESPATCH OF ANY ORE BY  
THE PETITIONER**

X. FOR THAT, wholly without prejudice to the Petitioner's contention that it was never given any effective opportunity of replying to the Show-Cause Notice, the Petitioner submits that it dealt the issue of 16 stacks in question along with the erstwhile updated status of such stacks in para 3 of the preliminary response dated 27.11.2024. However, the Impugned Demand Notice has been passed without any consideration to the response furnished and total non-application of mind.

Y. FOR THAT, the allegation of unauthorized dispatch is wholly baseless and preposterous as the Opposite party No. 2 had itself granted permission for the dispatch of the said stacks after conducting a proper inspection and verification of the materials through scientific methods. Out of the 16 stacks in question, 13 stacks despatched as of now were duly dispatched in compliance

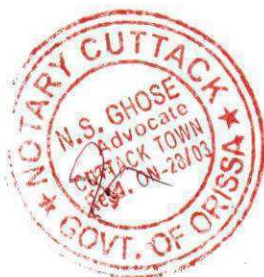

with all statutory requirements, including the payment of statutory dues, weighment of the materials, and issuance of transit passes. Even 3 stacks out of the 16 stacks, the permission of which were earlier obtained and subsequently lapsed are still lying in the lease area being undespached. The grant of permission by the competent authority inherently signifies that the materials met the requisite legal and procedural standards. Hence, the allegation of unauthorized dispatch is patently unfounded and devoid of merit.

*Sal*

Z. FOR THAT, the allegations concerning the despatch of 5 stacks after issuance of show cause notice are equally untenable and lack any factual or legal basis. It is submitted that permits for the dispatch of these 5 stacks were duly issued, which establishes that the dispatches were conducted with proper authorization and that the permits remain valid and intact. This further reinforces that there has been no violation of the statutory or procedural requirements.

AA. FOR THAT, it is stated that every dispatch from the mine is conducted with rigorous adherence to OMPTS Rules, 2007, and is

preceded by obtaining Permissions under Form-L and, Transit Permits/Railway Receipts from the relevant authorities. It is submitted that statutory returns such as monthly and annual returns of the Petitioner were accepted by the competent authorities without any objections or demur and at no point of time, there has been any detection by the competent authority of ores being removed from the subject mines without transit permit as provided under the OMPTS Rules, 2007.

**BB.** FOR THAT, it is submitted that the Opposite Parties have appointed their own officer at the Petitioner's mine to monitor the production, stack, grade, quantity and ensure the correct weighment, payment of statutory dues and premium.

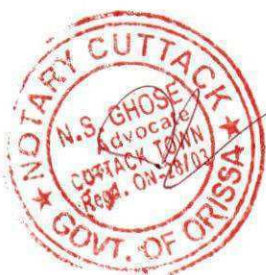

**CC.** FOR THAT, the i3MS system is an ERP software which tracks every ton of dispatch from the subject mine to the final destination and includes issuance of transit passes, GPS tracking of transporting vehicles amongst others and is designed as per process approved under OMPTS Rules, 2007. The Petitioner has consistently complied with all applicable acts and rules and

therefore, the Impugned Demand Notice and Impugned Show Cause Notice are unfounded.

**DD.** FOR THAT, the i3MS system provides a robust mechanism to govern possession, storage, trading and transportation of iron ore in the state of Odisha to prevent theft, smuggling and illegal mining. It is submitted that ores cannot be transported outside the subject mine without issuance of proper challans for transportation.

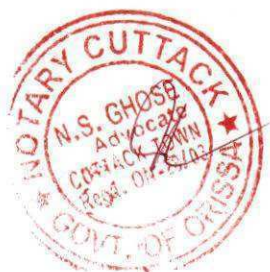

**EE.** FOR THAT, as per Section 9(2) of the MMDR Act, 1957, the holder of the mining lease shall pay royalty in respect of any mineral removed or consumed from the leased area. Further, it is stated that as per Rule 13 of Mineral (Auction) Rules, 2015, the lessee shall pay the royalty as specified under the MMDR Act, 1957 and Rules made thereunder. It is submitted that the Petitioner has always paid the royalty and other mining levies before the iron ore minerals are dispatched from the leased area. It is further submitted that the Opposite Parties have failed to consider the statutory payment such as Royalty, DMF & NMET before despatch and payment of premium after despatch made by the Petitioner.

Hence, the question of non-payment of royalty and other statutory dues does not arise.

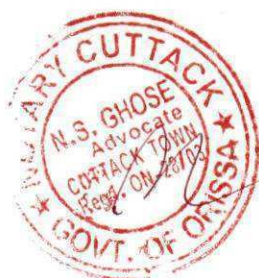

FF. FOR THAT, it is respectfully submitted that considering the stringent systems in place for ore dispatch through the i3MS system in Odisha, it is practically impossible to dispatch material without the requisite government approvals. Every tonne of ore dispatch from the subject mine is preceded by verification of stacks by designated AMO/JMO, submission of samples at the Deputy Director of Chemical Analysis ("DDCA") Office for chemical analysis (in sealed/tagged bags), followed by uploading of Form K in the i3MS portal, and further application for dispatch permission through Form J via the i3MS web application. Subsequent thereto, all statutory payments, including Royalty, DMF, NMET, and User Fee, are made by the Petitioner, upon which Form L is issued by the Deputy Director of Mines. Transit passes under Form M1 are generated for each truck at the weighbridge and/or Railway Receipt under the supervision of a dedicated Weighbridge Clerk authorized and deputed by the office of DDM/ Opposite party No. 2. This

diligent process ensures that all iron ore dispatch activities are conducted in strict accordance with regulatory protocols and standards. It is submitted that the Petitioner has never, during the subsistence of its mining lease, dispatched ores without the transit passes. Therefore, in view of the above, it clear that the Petitioner has fulfilled the procedure given under Rule 10 of OMPTS, Rules 2007.

**GG.** FOR THAT, as per Rule 13 of Minerals (Other than Atomic and Hydro Carbons Energy Minerals) Concession Rules, 2016 and Rule 11 of Mineral Conservation & Development Rules, 2017, the holder of mining lease shall carry out the mining operations in accordance with the mining plan. It is submitted that all mining operations carried out at the subject mine strictly adheres to the mining plan as approved by IBM.

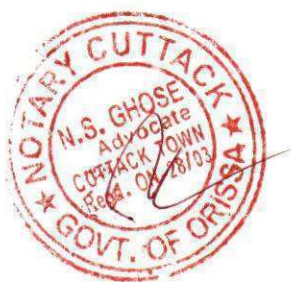

**HH.** FOR THAT, the Impugned show-cause proceedings and demand are otherwise bad in law.

11. That, it is pertinent to note that in similar cases, other mining leaseholders have approached the Hon'ble Revisional Authority, Ministry of Mines, Government of India under Section 30 of the MMDR Act, 1957, wherein the aforesaid authority has taken the view that such revision applications which relate to issues arising out of the OMPTS Rules, 2007 are not maintainable before it, and thus refused to exercise jurisdiction as there is a bar under Section 23(C)(3) of MMDR Act, 1957. Therefore, the Petitioner submits that it has no efficacious or speedy alternative remedy other than approaching this Hon'ble Court invoking extra ordinary jurisdiction in the interest of justice.

Copies of the orders passed by the Hon'ble Revisionary Authority in Revision Application 22/02/2024-RC-1 (order dated 30.10.2024), Revision Application 22/30/2023-RC-1 (order dated 05.08.2024) and Revision Application 22/25/2023-RC-1 (order dated 06.05.2024) are annexed herewith as **Annexure-11 Series**.

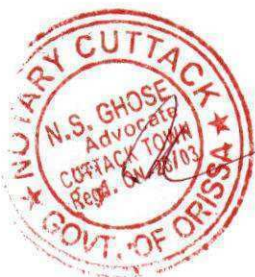

12. That, in any case, in view of the blatant violations of the principles of natural justice in the instant proceedings, the availability of

alternate remedy is not a bar to approach this Hon'ble Court in view of law settled by the Hon'ble Supreme Court of India since in *State of U.P. v. Mohd. Nooh*, 1957 SCC OnLine SC 2 and the consistent position of law since then. The position on this point may be evinced from the Hon'ble Supreme Court's observations in *Whirlpool Corpn. v. Registrar of Trade Marks*, (1998) 8 SCC 1:

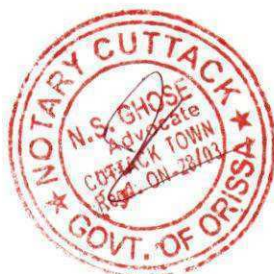

*"15. Under Article 226 of the Constitution, the High Court, having regard to the facts of the case, has a discretion to entertain or not to entertain a writ petition. But the High Court has imposed upon itself certain restrictions one of which is that if an effective and efficacious remedy is available, the High Court would not normally exercise its jurisdiction. But the alternative remedy has been consistently held by this Court not to operate as a bar in at least three contingencies, namely, where the writ petition has been filed for the enforcement of any of the Fundamental Rights or where there has been a violation of the principle of natural justice or where the order or proceedings are wholly without jurisdiction or the vires of an Act is challenged. There is a plethora of case-law on this point but to cut down this circle of forensic whirlpool, we would rely on some*

*old decisions of the evolutionary era of the constitutional law as they still hold the field.”*

*(emphasis supplied)*

The aforesaid position has been most recently affirmed by the Hon'ble Supreme Court in ***Ernakulam Regional Coop. Milk Producers Union Ltd. v. Nithu***, 2024 SCC OnLine SC 650. In the instant case, as elaborated in detail above, the arbitrary and pre-meditated actions of Opposite Party No. 2, including the failure to provide foundational documents and the lack of transparency, have resulted in grave violations of the principles of natural justice. Moreover, these actions have also infringed upon the fundamental rights of the Petitioner under Articles 14 and 19(1)(g) of the Constitution, necessitating judicial intervention. Accordingly, the Petitioner submits that this Hon'ble Court has jurisdiction to entertain the present writ petition and that the availability of alternate remedies, if any does not preclude the exercise of such jurisdiction.

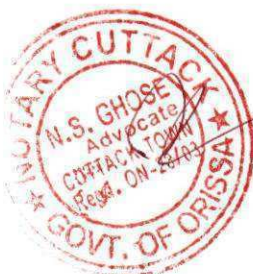

13. That the Petitioner further craves leave to challenge the SLES Report as well as the Report prepared by the Committee constituted by Opposite Party No. 2 if and when such reports are shared by the Petitioner on the basis of their competence, methodology, and other grounds available under law.
14. That this Writ Petition is made *bonafide* in the interest of justice.

**PRAYER**

In the circumstances it is, therefore, prayed that Your Lordships be graciously pleased to issue Rule Nisi calling upon the Opposite Parties to show cause as to why the show cause notice *vide* File No. 10/2023-SLES3601/Mines dated 19.11.2024 issued by the Deputy Director of Mines, Joda *vide* Annexure-4 and consequential Demand Notice No. VII(C)10/2023(SLES)-3664/Mines dated 27.11.2024 issued by the Deputy Director of Mines, Joda *vide* Annexure-9 should not be quashed and if the Opposite Parties fail to show cause or show insufficient cause, make the Rule absolute;

A N D

Pass any other consequential Order/Orders, Writ/Writs,  
direction/ directions as deem fit and proper.

And for which act of kindness the Petitioner shall as in duty  
bound ever pray.

M/s JSW Steel Limited.

**...Petitioner****-Versus-**

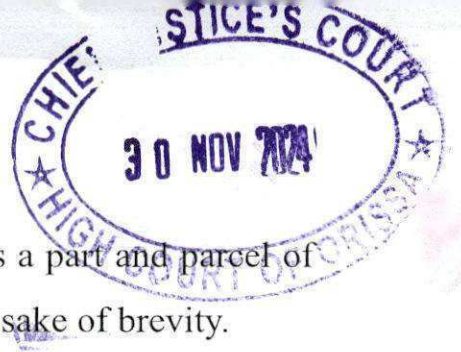

State of Orissa and others.

**...Opposite Parties**

I, Mr. Mrutyunjaya Mahapatra, aged about 49 years, son of Shri Janmejaya Mahapatra, residing at Plot No. 570/70, Main Road, Punama Gate, Bhubaneswar, Odisha do hereby solemnly affirm and state as follows:

1. That I am presently serving as the General Manager- Legal of the Petitioner Company and I have been duly authorised by way of Power of Attorney dated 12.07.2024 to swear this Affidavit on behalf of the Petitioner Company.
2. That the cause of action out of which this Writ Petition arises was never before this Hon'ble Court in any manner as per instructions received from the Petitioner.

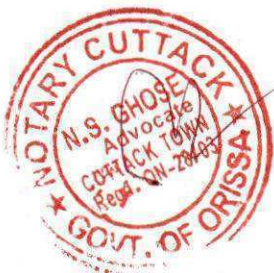

3. That the contents of the Writ Petition be read as a part and parcel of the present affidavit and are not repeated for the sake of brevity.
4. I say that the annexures filed along with the Writ Petition are true and copies of their respective originals.
5. That the facts stated in the abovementioned Writ Petition are true and correct to the best of my knowledge and information derived from records. The legal submissions are being made as per the advice of counsel which I believe to be true. The prayer clause, I believe, is true as per the legal advice received. And I also declare as follows:-

#### Declaration

I, Mr. Mrutyunjaya Mahapatra, aged about 49 years, son of Shri Janmejaya Mahapatra, residing at Plot No. 570/70, Main Road, Punama Gate, Bhubaneswar, Odisha, General Manager-Legal of the Petitioner Company above named, do solemnly affirm that the facts stated in paragraph nos. 1 to 14 of the writ petition are true to my own knowledge and facts in paragraph nos. 1 to 14 are true and correct to the best of my information which I obtained from records indicated in the Annexures to this writ petition, and based on records maintained by the Opposite Parties and/or the Petitioner.

I believe the information to be true as they are based on records maintained by the Petitioner/Opposite Parties as indicated in the annexures to this writ petition.

Solemnly declare at Cuttack the above affidavit and declaration and said certify my name and signature on the 30th day of, November 2024.

This deed for grant of a mining lease "Jajang Iron ore Block" is made by and between the following.

**PARTIES:**

1. The Governor of Odisha, acting through The District Collector, Keonjhar, Steel & Mines Department, Government of Odisha.

AND

- 2 M/s. JSW Steel Limited, incorporated in India under the Companies Act, 1956/2013 with corporate identity number CIN :L27102MH1994PLC152925, whose registered office is at JSW Centre, Bandra Kurla Complex, Bandra (East), Mumbai-400051, India duly represented by Shri. Baswaraj Mahadevappa Dalgade, Aged about 43 Years, Designation- Assistant General Manager [Projects], Mobile No. 9934311367, Adhar No - 4075 5788 7818

**BACKGROUND:**

- A. The Lessee had participated in an electronic auction for grant of mining lease, pursuant to which the Lessee has become eligible for grant of mining lease on Order No. 5437 / 26.06.2020 with respect to which the Lessee has completed the requirements under the Mines and Minerals (Development and Regulation) Act, 1957 ("Act") and rules made there under for grant of mining lease.
- B. Accordingly, the State Government is now executing this deed for grant of a Lease to the Lessee in consideration of the fee, royalties, covenants and agreements hereinafter reserved and contained on the part of the Lessee to be paid, observed and performed.

## 1. DEFINITIONS:

The expressions used in this Lease shall have the same meaning as ascribed to them under the Act and the rules made there under.

## 2. GRANT OF LEASE:

- 2.1. The State Government hereby grant the Lease to the Lessee over an area described in schedule B ("Lease Area") for conducting mining operations for a period of 50 years, commencing from the date on which this duly executed mining lease deed is registered with respect to following mineral(s): **IRON ORE ("Mineral")**.
- 2.2. The Lessee shall be with respect to all those the mines beds / veins seams of the Minerals situated lying and being in or under the Lease Area.
- 2.3. Subject to the Lessee paying the royalties and making other payments required to be paid and observing and performing all the covenants and agreements herein contained and on the part of the Lessee to be observed and performed shall and may quietly hold and enjoy, the rights and premises of the Lease Area for and during the term hereby granted without any unlawful interruption from or by the State Government, or any person rightfully claiming under it.
- 2.4. The maximum annual production under approved scheme of mining/mining plan is **16500000 tonnes of Iron ore Mineral**.

*Provided that in case the lessee desires to enhance the annual production limit after revising the scheme of mining and obtaining the requisite statutory clearances, he shall execute an amendment to the lease deed before the enhancing the annual production beyond the aforementioned limit.*

## 3. RIGHTS AND OBLIGATIONS:

- 3.1. The rights and obligations of the State Government and the Lessee shall be as specified in the Act and the rules made there under, including without limitation the Minerals (Other than Atomic and Hydro Carbons Energy Minerals) Concession Rules, 2016 and the Mine Development and Production Agreement dated 25.06.2020.
- 3.2. Without prejudice to the generality of the foregoing,
  - (a) the Lessee shall:
    - (i) at all times comply with the provisions of the Act and the rules made there under and any other applicable law;
    - (ii) make prompt payment of royalty and any other payment required to be made by the Lessee;

all times over and along such roads, tramways and ropeways for all purposes and as occasion shall require;

- (ii) have the right to appropriate any performance security provided by the Lessee in accordance with terms of such performance security and require the Lessee to replenish the performance security. In case the performance security has been provided through a security deposit after termination of the Lease and fulfilment of all obligations of the Lessee, such security deposit shall be returned to the Lessee after appropriate deductions. It is clarified that the security deposit shall not carry any interest; and
- (iii) have the right to carry out or perform any work or matters which in accordance with the covenants in that behalf are to be carried out or performed by the Lessee, but have not been so carried out or performed within the time specified in that behalf, and the Lessee shall pay the State Government on demand all expenses which shall be incurred in such carrying out or performance of the same.

3.3. If the State Government is desirous of exercising its right of pre-emption with respect to any mineral(s) the State Government shall pay the average sale price of such minerals as published by IBM prevailing at the time of pre-emption.

3.4. In the event of the existence of a state of war or emergency (of which existence the President of India shall be conclusive proof) the State Government with the consent of the Central Government shall from time to time and at all time during the said term have the right (to be exercised by a notice in writing to the Lessee/Lessees) forthwith take possession and control of the works, plant, machinery and

premises of the Lessee on or in connection with the Lease Area or the operations under this Lease and during such possession or control, the Lessee shall conform to and obey all directions given by or on behalf of the Central or State Government regarding the use of employment of such works, plants, premises and minerals, provided that fair compensation, which shall be determined in default of agreement by the State Government shall be paid to the Lessee for all loss or damage sustained by him/them by reason or in consequence of the exercises of the powers conferred by this clause and provided also that the exercise and provisions of this clause.

3.5 If after the receipt of an offer of compensation for damage which is likely to arise from the proposed operation of the Lessee, the occupier of the surface of any part of the said lands shall refuse his consent to the exercise of the rights and powers reserved to the State Government and granted by this Lease, the Lessee shall report the matter to the State Government and shall deposit with it the amount offered as compensation and if the State Government is satisfied

that amount of compensation is reasonable or if it is not so satisfied and the Lessee shall have deposited with it such further amount as the State Government may consider reasonable, the State Government shall order the occupier to allow the Lessee to enter upon the said land and carry out such operations as may be necessary for the purposes of the Lease. In assessing the amount of such compensation the State Government shall be guided by the principles of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation & Resettlement Act, 2013.

3.6 Every notice required to be given to the Lessee shall be given in writing to such person as may be nominated by the Lessee and such nomination shall be informed to the State Government in writing. If no such nomination is made then the notice shall be sent to the Lessee by registered post/speed post addressed to the Lessee at the address shown in the application for the Lease or at such other address in India as the Lessee may designate from time to time and every such service shall be deemed to be proper and valid service upon the Lessee and shall not be questioned or challenged by him.

3.7 If in any event the orders of the State Government are revised, reviewed or cancelled by the Central Government in pursuance of proceedings under the Minerals (Other than Atomic and Hydro Carbons Energy Minerals) Concession Rules, 2016, the Lessee shall not be entitled to compensation for any loss sustained by the Lessee in exercise of the powers and privileges conferred upon the Lessee by these presents.

#### 4. GOVERNING LAW:

This Lease and all questions of its interpretation shall be construed in accordance with the laws of India. In the event of any dispute in relation to this Lease and in respect of all matters touching the relationship of the Lessee and the State Government, suits of petition shall be filed in civil courts at Keonjhar and it is hereby expressly agreed that neither party shall file a suit or appeal or bring any actions at any place other than the courts named above.

For the purpose of stamp duty the anticipated annual royalty from the demised land is **Rs.11471790000/-**

In witness whereof thereof there presents have been executed at the Keonjhar on 27/6/2020

OFFICE OF THE DEPUTY DIRECTOR OF MINES, JODA CIRCLE, JODA  
STEEL & MINES DEPARTMENT, GOVT. OF ODISHA

At/PO: Baneikala, Dist. Keonjhar-758038

Mail: ddm.joda@orissaminerals.gov.in

File No. 10/2023-SLES 2884/Mines, dt. 29.08.2024

From,

The Deputy Director Mines,  
Joda, Dist.: Keonjhar

To

The Mines manager,  
Jajang Iron Block  
M/s J.S.W Steel Ltd.

Sub:

Show cause notice for violation of lease condition.

Sir,

With reference to the above mentioned subject, I am to say that as per the joint inspection report conducted by SLES team in respect of your Jajang Iron Block from dt. 03.07.2024 & 04.07.2024 the following observations are noticed.

1. During verification it is noticed that the stacks in the lease hold area there are 84 nos. of stacks(permitted/lapsed/to be permitted/lapsed/to be permitted) available. However from the i3ms report the number of balance stacks(permitted/lapsed/to be permitted) above 30MT in the year 2022-23 is 341 nos. , 2023-24 is 113 nos. and in 2024-25 (as on dt. 04.07.2024) is 110nos. It is presumed that the you may be despatched the above stacks by manipulating the dispatch of ore directly from stock/may be verify the other stacks without removing the ore from stacks in ther same location ore may be despatched the balance qty of ore without obtaning transit pass. Which violates Rule 10 of Orissa Minerals (Presentation of Theft, Smuggling and Illegal Mining and Regulation of Possession, Storage, Trading & Transportation) Rules 2007.
2. During inspection it is found that there has been stack upgradation of Iron ore as compared to the IBM grade range in 2nos. of stack out of eight stacks in total. The difference in grade of stacks leads to loss of revenue to Govt. exchequer i.e. Royalty, Applicable amount, DMF & NMET violating Rule-12 of Minerals (Other than atomic & hydrocarbon energy minerals) Concession Rule'2016.

In the above context, you are asked to show cause why why action will not be taken against your mines for the above violations/irregularities and also the differential Royalty, Applicable amount, DMF & NMET as calculated in **Annexure-A** will not be realised from you. The reply should reach to the undersigned within 7days for taking further action.

Yours faithfully,

  
Deputy Director Mines,  
Joda Circle, Dist.: Keonjhar

**Sub: Regarding observations pointed out by SLES team during their inspection in our Jajang Iron ore Block.**

**Ref: Your office letter no. 2884/Mines, dt. 29.08.2024.**

Dear Sir,

We are in receipt of the letter under reference wherein it is stated that a joint inspection was conducted by SLES team in respect of our Jajang Iron ore Block on 03.07.2024 & 04.07.2024. During their inspection they have noticed certain observations based on which the instant Showcause notice has been issued to us. As indicated in the instant notice, a Joint Inspection Report was provided by the SLES team, but a copy of this report along with the details of the stacks stated in the observation no. 1 are not included in the instant notice. As a result of which, we are unable to fully understand the observations made by the SLES team. Further, we would request your good self to provide us with the details of the stacks mentioned in point no. 1 of the Showcause notice so as to enable us to verify the data at our end.

We would therefore request your good office to give an extension of at least 7 days from the date of furnishing the desired documents/information to allow us to verify the data and submit a comprehensive reply.

Seeking your cooperation

Thanking You  
Yours Sincerely  
For JSW Steel Limited

Sub: Show cause notice for violation of lease condition.  
Sir,

With reference to the above mentioned subject, I am to say that as per the joint inspection report conducted by SLES team in respect of your Jajang Iron Ore Block from dt. 03.07.2024 to 04.07.2024 & reported that there are 84 nos of stacks are available in the field, but in the i3ms the balance stacks above 30MT in the year 2022-23 should be 341nos, in the year 2023-24 is 113nos. of stacks & 2024-25(as on dt. 04.07.2024) is 110nos. Basing on the report of SLES team, a committee has been formed headed with the Mining Officer concern on dt. 30.08.2024. The committee has gone through the report of SLES team and verified in the field and reported that the following stacks are as mentioned below are not available in their designated co-ordinates.:

Sl. No	Stack No.	Quantity in MT
1	A23085513643	1920.960
2	E22085513224	10445.220

Date: 22.11.2024

To

The Deputy Director of Mines,  
Joda, Dist: Keonjhar

**Sub: Show Cause notice for violation of lease condition**

- Ref: i. Your letter vide file no.10/2023-SLES 3601/Mines dt.19.11.2024.  
ii. Your letter vide file no.10/2023-SLES 2884/Mines dt.29.08.2024.  
iii. Our letter vide no. JSW/JIOM/2024-25/124 dt. 04.09.2024 and  
letter vide no. JSW/JIOM/2024-25/141 dt. 11.09.2024

Dear Sir,

With reference to the subject cited above received by us on 19.11.2024, we have been asked vide letter under reference (i) to show cause regarding non-availability of 16 nos. of stacks in their designated coordinates in our Jajang Mine purportedly observed and reported by a committee formed by your good office (hereinafter referred as "**Committee**") on the basis of report of State Level Enforcement Squad (hereinafter referred as "**SLES**") inspection dated 03.07.2024 to 04.07.2024.

The instant show cause notice refers to the Joint-inspection report conducted by SLES Team who has alleged mismatching of stacks in comparison to year-wise balance stacks as per i3MS. Pertinently, based on the said SLES inspection, a Show Cause Notice was issued by your good office vide letter under reference (ii). In response to the same, vide our letter dated 04.09.2024 & 11.09.2024 (letters under reference (iii)), we requested your good office to provide the details of the stacks mentioned in the Show Cause Notice including the joint-inspection report of SLES so as to enable us to verify and respond to the same. Till date, the information sought including the joint-inspection report of SLES, has not been provided. However, to our surprise this instant Show Cause Notice has been issued with an allegation of mismatch of coordinates with regards to 16 nos. of stacks observed by the committee formed by your good office purportedly on the basis of SLES report. The report of committee as referred in the instant Show Cause Notice has also not been provided with the Show Cause Notice.

Regd. Office: JSW Centre  
Bandra Kurla Complex,  
Bandra (East), Mumbai – 400 051

Fax : +91 22 4286 3000  
Website : [www.jsw.in](http://www.jsw.in)

In view of the above and the fact that most of the stacks referred in the SCN(s) are year-old, it is difficult on our part to examine and verify all the data and related documents and the field position so as to submit our reply/ attend personal hearing with such a short notice without the respective inspection reports of both SLES and the Committee being shared with us.

In the circumstance and without prejudice to our rights and contentions, we request your good office to provide the joint-inspection report of the SLES, the details of the stacks mentioned in letter under reference (ii) as well as the report submitted by the Committee and provide us at least **two weeks'** time thereafter to verify, examine all the relevant documents as well as field position so as to respond to the instant show cause notice. Needless to mention that we expect your good office shall provide us an opportunity of personal hearing post submission our reply to the instant show cause notice in the interest of justice.

Thanking You

Your's faithfully

Ref. No. JSW/S/CO/2024/702

Date: 27.11.2024

To,  
The Deputy Director of Mines,  
Joda, Dist: Keonjhar

**Sub: Show Cause notice for violation of lease condition**

- Ref:** i. Your Show Cause notice vide letter no.10/2023-SLES 3601/Mines dt.19.11.2024;**(SCN)**  
ii. Our request to provide Reports/details vide letter no. JSW/S/CO/2024/695 dt. 22.11.2024;  
iii. Your Letter vide no. 10/2023-SLES 3650/Mines dt.25.11.2024.

Dear Sir,

We are in receipt of your letter under reference (iii) asking us to submit the reply and attend personal hearing to SCN referred above on or before 27.11.2024.

At the outset we would like to submit that vide our letter dated 22.11.2024 under reference (ii), we have requested your good office to provide the report of the committee as well as the Joint inspection report of SLES and the details of the stacks. Further, we also requested to grant at least two weeks' time after providing the reports and details so as to examine/verify/crosscheck the same with our records, field and revert, as most of the stacks referred in the SCN are year old.

However, only one day extension has been allowed and no reports or details have been provided to us. In this scenario, there is an effective denial of principle of natural justice preventing us to submit a comprehensive reply to the SCN and thereafter attend personal hearing. Having said that, in compliance with your letter under reference (iii), we without prejudice, submit this reply as a preliminary response to the observations mentioned in the SCN.

1. That, on 19.11.2024, we were in receipt of the SCN wherein we have been asked to show cause regarding non-availability of 16 nos. of stacks in their designated coordinates in our Jajang Mine. This notice addresses the circumstances surrounding an ex-parte observation made by the SLES team during their visit to our Jajang mines on 03.07.2024 to 04.07.2024. Neither the report of the SLES nor details in respect of basis of its observations were provided despite repeated requests.

Part of O. P. Jindal Group

Regd. Office: JSW Centre  
Bandra Kurla Complex,  
Bandra (East), Mumbai – 400 051  
CIN : L27102MH1994PLC152925  
Phone : +91 22 4286 1000  
Fax : +91 22 4286 3000  
Website : [www.jsw.in](http://www.jsw.in)

2. Based on the observation of SLES, a committee was formed by your good office who has visited the mine and reported that 16 stacks were not available at the designated co-ordinates. We deny the said finding and submit that 16 nos. of stacks were available in the Mine and requires reconciliation. That, unless the details of such coordinates and report are provided to us, we are unable to verify/cross check the same from our end.
3. That, it is pertinent to update the present status of all 16 stacks as under:

SL No.	STACK NO	QTY	Grade	Nature	FORM L Validity	DISPATCH QTY	DISPATCH Date	Remarks

4. From the above table it can be seen that 11 nos of stacks out of the 16 stacks are old stacks and were lying in the lease area for more than a year the permission for removal in respect of which either being lapsed and/or being re-permitted multiple times. Further, it is evident from the above table that most of the stacks have been dispatched/under dispatch after obtaining due permission/re-permission from your good office under Form-L. **Copies of Form-L (first and latest) of 16 stacks are enclosed for kind reference.**

**JSW Steel Limited**

Regd. Office: JSW Centre  
 Bandra Kurla Complex,  
 Bandra (East), Mumbai – 400 051  
 CIN : L27102MH1994PLC152925  
 Phone : +91 22 4286 1000  
 Fax : +91 22 4286 3000  
 Website : [www.isw.in](http://www.isw.in)

5. It is pertinent to mention the process of preparation of stacks prescribed under OMPTS Rule, 2007 (amended in 2021) read with the Operational Guideline notified by the Steel and Mines Department.
  - a. After mineral is extracted and desired to be removed from the leasehold area, the mineral needs to be stacked in geometric shape of trapezoid with a height of not more than 3 meters and weight of not more than 20,000 metric tonnes. The entire process of preparation of stacks till dispatch are regulated through I3MS portal and there is no manual intervention in the process.
  - b. After preparation of a stacks the lessee has to log in to the web/mobile app using the existing I3MS lessee code and password, and then select the option to submit a request for sampling. The details pertaining to the dimensions of the stacks and their geo-coordinates are submitted online in Form S Part I after which the JMO visits the mines to verify the stack.
  - c. On submission of Form-S, Part-1 in i3MS, the assigned JMO reaches the mine site and activates the inspection process for a stack. The inspection is only activated once the mobile app detects the presence of JMO within the geo-fence of the stack i.e. pre-determined proximity of the stack. (Refer: point no 7 (c)(iii) of the Operational Guideline).  
 The mobile app will prompt the holder of the mobile set to proceed to any corner of the stack to map the points of generation for any side of the stack. Accordingly, the starting and end of the side will be marked." That after both the endpoints of the sides are captured, then only the mobile will generate the sample points for points for the process of sectioning. (Refer: Point no. 7 (c) (vi) (1) of the Operational Guideline).
6. Thus, it is clear that unless a stack is well within the co-ordinates as stated in Form S Part I, the JMO may not be able to proceed further with the aforesaid assignment of verification and sampling. The aforesaid stacks are duly verified by the JMO assigned by your good office and after deposit of Royalty, DMF & NMET permission for dispatch under Form L have been issued by your good office and subsequently either dispatched or lying in the field. Therefore, allegation of mismatch of co-ordinates of the subject stacks as referred in SCN are unfounded and not acceptable and requires to be reconsidered at your end. It is humbly submitted that a person subjected to allegation ought not to be deprived of having access to the basis of such allegation and the action of your good offices ought not amount to pre-determined and prejudicial exercise as

Regd. Office: JSW Centre  
Bandra Kurla Complex,  
Bandra (East), Mumbai – 400 051  
CIN : L27102MH1994PLC152925  
Phone : +91 22 4286 1000  
Fax : +91 22 4286 3000  
Website : [www.jsw.in](http://www.jsw.in)

the same would be in violation of principles of natural justice and thus arbitrary. Further an opportunity for hearing has to be effective and not an empty formality.

7. Pertinently, all the stacks have been duly verified, royalty paid and re-permitted which were existing in the mines for a considerable period. Further, the alleged inspection and reporting of Committee regarding unavailability of 16 stacks in their designated coordinates have not been confronted to us in the field to cross check such allegation.

From the above, it is amply clear that there is no violation of lease condition or irregularities committed by us. Hence, the instant SCN is liable to be dropped. Further, this reply is submitted as a preliminary response without prejudice to our right and contentions and subject to submission of comprehensive reply on being provided with the report of the Committee, Stack details & the SLES report. We expect your good office shall provide us copies of the reports and details sought by us and effective opportunity for a personal hearing post submission of comprehensive reply in the interest of justice.

Thanking You  
Yours's faithfully

No. VII (C) 10/2023(SLES)- 3664/Mines, dt. 27.11.2024

**DEMAND NOTICE**

To

The Mines manager,  
Jajang Iron Ore Mines  
M/s J.S.W Steel Ltd.

Sub: Demand of Govt. dues as per 21(5) of MMDR Act 1957, for violating Rule 10 of Orissa Minerals (Presentation of Theft, Smuggling and Illegal Mining and Regulation of Possession, Storage, Trading & Transportation) Rules 2007 in respect of Jajang Iron Ore Mines of M/s J.S.W Steel Ltd. over an area of 669.078 hect under Champua Sub-division of Keonjhar District.

Ref: 1. This office show cause notice No. 2884/Mines, 29.08.2024 & No. 3601/Mines, dt. 19.11.2024 & L. No. 3650/Mines, dt. 25.11.2024.

2. Your reply vide Letter No. JSW/JIOM/2024-25/124 dt. 04.09.2024, No. JSW/CO/2024/695 dt. 22.11.2024 &

Sir,

**Whereas** in exercise of the power conferred under Rule-10, Sub Rule 5 of Mineral Auction Rules, 2015 the Govt. of Odisha Steel & Mines Deptt. Granted Mining Lease for Iron ore Block over an area of 669.078 hect. (under Champua Sub-division of Keonjhar Dist of M/s J.S.W Steel Ltd. as provided under Section 8A, Sub-Section-2 of the Mines & Minerals (Development & Regulation) Act, 1957 vide Order No.5437/SM, dt. 26.06.2020.

**Whereas** the MDPA of Jajang Iron Ore Block was signed and executed and registered on dt. 25.06.2020 for a period of 50 years and the mining operation is carried out with all statutory clearances.

**Whereas** the SLES team has inspected on dt. 03.07.2024 to 04.07.2024 in respect of Jajang Iron Ore Block and reported that there are 84 nos of stacks are available in the field, but in the i3ms the balance stacks above 30MT in the year 2022-23 should be 341nos, in the year 2023-24 is 113nos. of stacks & 2024-25(as on dt. 04.07.2024) is 110nos.

Basing on the report of SLES team a show cause notice has been issued vide this office letter No. 2884/Mines, dt. 29.08.2024 regarding violations and you have submitted the reply vide Letter No. JSW/JIOM/2024-25/124 dt. 04.09.2024. As per the report of the SLES team a committee has been formed headed by the Mining Officer concern on dt. 30.08.2024. The committee has gone through the report of SLES team and verified in the field all the stacks as reported by SLES from the year 2022-23 to 2024-25 (up to 04.07.2024) and finally on dt. 07.11.2024 reported that 16nos. of stacks were not available on field in their designated co-ordinates. On basis of the report of internal committee another show cause notice has been issued vide this office L. No. 3601/Mines dt. 19.11.2024 with a direction to attend the personal hearing on dt. 22.11.2024 along with your reply to the show cause.

**Whereas** you have submitted the reply to the show cause vide letter No. JSW/S/CO/2024/695 dt. 22.11.2024 & requested for extension of 2weeks time for submission of the reply. Basing on your reply another date has been fixed to 27.11.2024 vide this office L. No. 3650/Mines, dt. 25.11.2024.

**Whereas** you have attend the personal hearing on dt. 27.11.2024 & submitted the the reply which was found not satisfactory as the reason of non availability of 16nos. of stacks on the field, you might have been despatched the same quantities unauthorisely which attracts Sec. 21(5) MMD&R Act.1957.

Again after receive of the report submitted by the internal squad on dt. 07.11.2024 regarding nonavailability of 16 nos. of stacks and before issue of show cause notice for the same i.e. on 19.11.2024 in a hurry to misleads the competent authority, you have taken permission to dispatch over the said stacks and also despatched minerals on various dates in Nov'24 inspite of knowing that the stacks were not available on field. It is clearly indicates that you have dispatched directly from the stocks, as the said stacks were not available in the field and reported previously by the internal squad, , which violates Rule 10 of Orissa Minerals (Presentation of Theft, Smuggling and Illegal Mining and Regulation of Possession, Storage,

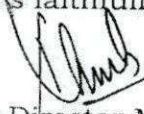

Trading & Transportation) Rules 2007 and you are liable to pay the differential Govt. dues i.e. the difference between the dues as per highest rate of the mineral and dues paid during permission. Hence you are liable to pay the cost of ore of **Rs. 68,21,49,375/-** as per Sec. 21(5) MMD&R Act.1957 **Rs.10,26,07,203/-** towards **Royalty, Rs.75,24,52,823/-** towards **Premium, Rs.1,02,60,721/-** towards **DMF, Rs. 20,52,144/-** towards **NMET** as per calculation sheet attached in **Annexure-A**.

For calculation of the cost of ores the Average Sale Price published by IBM for the last 12 months i.e. Oct'2023 to Sept'2024 were taken for calculation of the differencial dues based on latest Sale price published by IBM i.e. Sept'2024 is taken.

You are, therefore, requested to pay the above dues into the Government Treasury online through i3MS gateway thereon within seven (7) days of issue of this letter and submit the receipted original challan.

Encl: As above

Your's faithfully,

  
Deputy Director Mines,  
Joda Circle, Dist.: Keonjhar

Memo No. **3665**/Mines dt. **27.11.2024**

Copy forwarded to the Director of Mines & Geology, Odisha, Bhubaneswar for information and necessary action.

Final Order No. 106/2024

Dated: 30.10.2024

**[In Revision Application No. 22/02/2024 - RC-I]**

M/s. Dalmia Cement (Bharat) Ltd.

..... Revisionist

Versus

State Government of Odisha

..... Respondent

**ORDER**

**[Under Section 30 of the Mines & Minerals (Development and Regulation) Act, 1957 (MMDR Act) and Rule 36 of Minerals (other than atomic and Hydro Carbons Energy Minerals) Concession Rules, 2016].**

The Revision Application was taken up for hearing on 18.10.2024. The Revisionist was represented by Shri Naveen Kumar, Advocate and by Shri Nitesh Bhandari, Advocate. State Government was represented by Shri Arunav Patnaik, Advocate, Shri Nirbhay Nitya Nanda, Advocate and by Shri Bharat Chandra Nayak, Under Secretary to Government of Odisha, Steel & Mines Department.

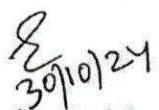

1. Heard the Ld. Counsel for the Revisionist and the Ld. Counsel for the State Government. The Revisionist has challenged the demand notice dated - 14.12.2023 asking the revisionist to pay the differential Royalty, DMF & NMET of Rs. 48,11,67,605/-, Rs. 11,72,19,616/- & Rs. 78,59,084/- respectively for the period from 31.03.2012 to 30.11.2023.
2. The Ld. Counsel for the Revisionist states that State Government has given demand notice for realisation of differential royalty with respect to mineral limestone at the highest rate of Rs. 90/- per tonne under the second schedule of MMDR Act, 1957. The Revisionist produces limestone for manufacturing cement and has been paying applicable

E  
30/10/24

royalty for cement grade limestone whereas the highest rate of royalty for limestone is for L.D. grade which is not used in cement production. He states that under the Orissa Minerals (Presentation of Theft, Smuggling and Illegal Mining and Regulation of Possession, Storage, Trading & Transportation) Rules, 2007 the Revisionist has agreed to pay highest rate of royalty for the same grade of limestone not for the different grade of limestone.

3. The Ld. Counsel for the State Government states that this is a case under Rule 10(7) of Orissa Minerals (PTSIMRPST&T) Rules, 2007 and Revisionary Authority in earlier three cases i.e., R.A. No. 22/23/2023 RC-I M/s. Jindal Steel & Power Ltd. versus State Government of Odisha, R.A. No. 22/25/2023 RC-I M/s. Steel Authority of India Limited versus State Government of Odisha and R.A. No. 22/30/2023 RC-I M/s. Narbheram Power & Steel (P) Ltd. versus State Government of Odisha has held that it has no power to proceed in cases relating to rules made under Section 23C by the State Government.
4. In view of the above, since the undersigned has already taken a stand that Revisionary Authority does not have any jurisdiction cases pertaining to rules made under Section 23C of MMDR Act, 1957 by the State Governments, the proceeding is hereby dropped.

  
(Sanjay Lohiya)

Additional Secretary and Revisionary Authority

Final Order No. 69/2024

Dated: 05.08.2024

[In Revision Application No. 22/30/2023 - RC-I]

M/s. Narbheram Power &amp; Steel (P) Ltd.

..... Revisionist

Versus

State Government of Odisha

..... Respondent

**ORDER**

[Under Section 30 of the Mines & Minerals (Development and Regulation) Act, 1957 (MMDR Act) and Rule 36 of Minerals (other than atomic and Hydro Carbons Energy Minerals) Concession Rules, 2016].

The Revision Application was taken up for hearing on 23.07.2024. The Revisionist was represented by Shi Ashok Kumar Parija, Senior Advocate, Shri Naveen Kumar, Advocate, Shri Nitesh Bhandari, Advocate, Ms. Stuti Bisht, Advocate, Shri Avnish Sharma, Advocate, Shri Navneet Dogra, Advocate, Ms. K. Tanushri Rao, Advocate and by Shri Vivek Ojha, Advocate. State Government was represented by Shri Soumyajit Pani, Advocate, Shri Aishwary Bajpai, Advocate and by Shri Bharat Chandra Nayak, Under Secretary to Government of Odisha, Steel & Mines Department.

1. Heard the Ld. Counsel for the Revisionist and the Ld. Counsel for the State Government. The Revisionist has filed Revision Petition against demand notice dated - 12.10.2023 by which the State Government has asked the Revisionist to pay Rs. 15,91,94,060/- for dispatch of 9966.99 MT of iron ore CLO without lawful authority as per section 21 (5) of MMDR Act, 1957 and for violation of Rule 10(5) of OMPTS Rule, 2007.
2. In the instant case, the State Government inspected the mine and found shortage of 9966.99 MT of CLO in the books of account which the State Government assumed to have been dispatched without taking prior

69/2024

permission from the competent authority violating the provisions of Rule 10 of Orissa Minerals (PTSIMRPST&T) Rules, 2007 made under section 23C and section 9(2) of the MMDR Act, 1957, Rule 13(1) of Mineral (Auction) Rules, 2015 & Rule 12 of MC Rules, 2016.

3. Since the cause of action has arisen because of inspection carried out by the State Government under Orissa Minerals (PTSIMRPST&T) Rules, 2007 where it found shortage in quantity of mineral, the undersigned heard the Ld. Counsel for the Revisionist and the Ld. Counsel for the State Government as to whether the Revisionary Authority has power to decide such matters.
4. The Ld. Counsel for the Revisionist states that this is a matter of payment of royalty and other dues including auction premium under section 9 & 10B of MMDR Act and not a case under the section 23C. He further states that if Revisionist, as alleged by the State Government, has violated Rule 10(5) of Orissa Minerals (PTSIMRPST&T) Rules, 2007, but since there is no penal provision for violation of Rule 10(5) of Orissa Minerals (PTSIMRPST&T) Rules, 2007 and the State Government is not authorized to demand compensation under section 21(5) for violation of Rule 10(5). He further states that even if it is considered as violation of Rule 10(5), the penalty provided in Rule 18 of Orissa Minerals (PTSIMRPST&T) Rules, 2007 is not realization of the value of mineral. He states that there is no provision of appeal against such order under Rule 10(5) of Orissa Minerals (PTSIMRPST&T) Rules, 2007. The Ld. Counsel for the Revisionist gives the reference of judgment of Hon'ble Supreme Court in C.A. Nos. 10373-10374 of 2010 (State of Gujarat and Others Etc. vs. Jayeshbhai Kanjibhai Kalathiya Etc.) and states that illegal mining cannot take place within the lease area.

8  
57827

5. In this regard, after going through the Revision Petition and the arguments of the Ld. Counsel for the State Government the following examination is done.
6. Section 23C (3) states "Notwithstanding anything contained in section 30, the Central Government shall have no power to revise any order passed by a State Government or any of its authorized officers or any authority under the rules made under sub-sections (1) and (2)". Hence, Revisionary Authority under Central Government does not have power to revise any order passed by State Government or any of its authorized officers in cases of alleged violation of rules made under section 23C (1). In this case, the State Government has brought out violation of such rules.
7. As regards, the contention of the Ld. Counsel for the State Government that illegal mining cannot take place within the leased area, attention is drawn to explanation of Section 21 which states "Explanation : On and from the date of commencement of the Mines and Minerals (Development and Regulation) Amendment Act, 2021, the expression "raising, transporting or causing to raise or transport any mineral without any lawful authority" occurring in this section, shall mean raising, transporting or causing to raise or transport any mineral by a person without prospecting licence, mining lease or composite licence [exploration licence] or in contravention of the rules made under section 23C". It clearly includes contravention of rules made under section 23C as illegal mining.
8. Attention is also drawn to definition of illegal mining in MCR, 1960 which states that - "illegal mining" means any reconnaissance or prospecting or mining operation undertaken by any person or a company in any area without holding a reconnaissance permit or a prospecting licence or as the case may be, a mining lease as required under sub-section (1) of section 4 of the Act.

8  
518/24

Explanation: For the purpose of this clause, ---

(a) violation of any rules, other than the rules made under section 23C of the Act, within the mining lease area by a holder of a mining lease shall not include illegal mining;”

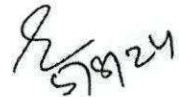

(b) any area granted under a reconnaissance permit or a prospecting licence or a mining lease, as the case may be, shall be considered as an area held with lawful authority by the holder of such permit of licence or a lease, while determining the extension of illegal mining”.

Here also violation of rules made under section 23C amounts to illegal mining.

9. Since the Central Government does not have power to revise any order passed by the State Government or any of its authorized officers, as per rules made under section 23C, in my considered opinion, the undersigned does not have the power to look into the provisions of Orissa Minerals (PTSIMRPST&T) Rules, 2007 to decide on legality of the action taken by the State Government for violation of individual rules of Orissa Minerals (PTSIMRPST&T) Rules, 2007.
10. The consequences of illegal mining or mining without lawful authority are given in section 21, especially sub-section (5). The State Government is empowered to make rules for preventing illegal mining, transportation and storage of minerals. Therefore, if any case of illegal mining is detected as per rules made under section 23C the consequences will follow under section 21 (5). The Revisionary Authority cannot interfere in such cases of violation of rules made under section 23C just because the consequences fall under 21 (5). If an interpretation is taken that the Revisionary Authority under section 30 can interfere in such matters, the express ban applied under section 23C (3) will become meaningless and will render the whole structure of checking and monitoring illegal mining, transportation and storage being exclusively under the State

Government meaningless. This has the potential of affecting day to day administration of mines under a single authority adversely.

11. In view of the above, the undersigned is not competent to hear the matter. Hence, the proceeding is hereby dropped. The Revisionist is at liberty to approach appropriate authority as per the Rules made under section 23C (1).

(Sanjay Lohiya)

Additional Secretary & Revisionary Authority

Final Order No. 19/2024

Dated: 06.05.2024

[In Revision Application No. 22/25/2023 - RC-I]

M/s. Steel Authority of India Limited

.... Revisionist

Versus

State Government of Odisha

.... Respondent

**ORDER**

[Under Section 30 of the Mines & Minerals (Development and Regulation) Act, 1957 (MMDR Act) and Rule 36 of Minerals (other than atomic and Hydro Carbons Energy Minerals) Concession Rules, 2016].

The Revision Application was taken up for hearing on 18.04.2024. The Revisionist was represented by Ms. Pinky Anand, Senior Advocate, Shri Priyesh Srivastava, Advocate, Ms. Asees Kaur Jasmine, Advocate and by Shri Sanjeev Kumar, Sr. Manager (Law) SAIL. State Government was represented by Shri Soumyajit Pani, Advocate, Shri Aishwary Bajpai, Advocate, and by Shri Bharat Chandra Nayak, Under Secretary to Government of Odisha, Steel & Mines Department.

1. Heard the Ld. Counsel for the Revisionist and the Ld. Counsel for the State Government. The Revisionist has challenged the demand order dated - 25.01.2023 imposing a demand of Rs. 13,37,49,485/- for shortage of quantity of limestone in dumping. There has been further correspondence between the State Government and the Revisionist. The State Government vide its letter dated - 03.03.2023 informed that "the reply and reason for shortage of mineral due to annual disintegration and

6/5/24

exposed to natural vagaries explained vide your letter under reference is not acceptable as the shortage quantity is huge i.e., 1,82,760.32 MT.

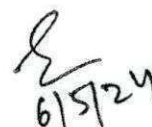

Section 21 (5) of MMDR Act, 1957 clearly states that "Whenever any person raises, without any lawful authority, any minerals from any land, the State Govt. may recover from such person the mineral so raised, or where such mineral has already been disposed of, the price thereof, and may also recover from such person, rent, royalty or tax, as the case may be, for the period during which the land was occupied such person without any lawful authority".

Further, rule 10 of Orissa Minerals (PTSIMRPST&T) Rules, 2007 states that "Any person wishes to transport or remove any mineral from any place, shall make an application complete in all respect in Form-H to the competent Authority for issue of permit".

In the instant case the lessee has not obtained any permission to lift the above said quantity which is huge one and reply submitted by you vide letter No. RSP/RL&DQ/2023/92 dated - 25.02.2023 is not satisfactory and acceptable.

Therefore, you are requested to deposit the demanded dues of Rs. 13,37,49,485/- only raised vide this office letter No. 167/Mines, Dated 25.01.2023".

2. As per section 23C of the MMDR Act, the State Government has the power to make rules for preventing illegal mining, transportation and storage of minerals. The Orissa Minerals (PTSIMRPST&T) Rules, 2007 have been prepared by the by State Government in exercise of the power conferred by section 23C of the MMDR Act 1957. The Section 23C (3) states that "Notwithstanding anything contained in section 30, the Central Government shall have no power to revise any order passed by a State Government or any of its authorized officers or any authority under the rules made under sub-sections (1) and (2)". Hence, the Revisionary

  
6/5/24

Authority empowered under section 30 of the MMDR Act has no power to amend any order passed by the State Government under the rules made under section 23C.

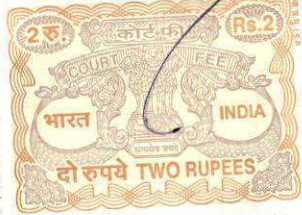

3. In view of the above, the undersigned has no power to proceed in the matter. Therefore, the proceeding is hereby dropped. The Revisionist is at liberty to approach appropriate authority under the Orissa Minerals (PTSIMRPST&T) Rules, 2007.

IN THE HON'BLE HIGH COURT OF ORISSA: CUTTACK.

I.A. No. 16200 of 2024

(Arising out of W.P.(C) No. 30390 of 2024)

**In the matter of:**

An application for appropriate directions under Chapter-VI, Rule 27(A) of the Orissa High Court Rules.

**AND**

**In the matter of:**

M/s JSW Steel Limited

... **Petitioner**

**Versus.**

State of Odisha and Others

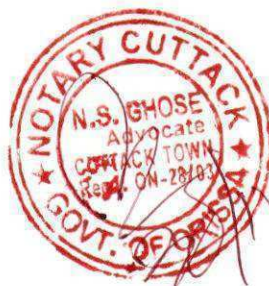

... **Opposite Parties**

To,

The Hon'ble Chief Justice of the High Court of Orissa, and his Lordship's companion Judges of this Hon'ble Court.

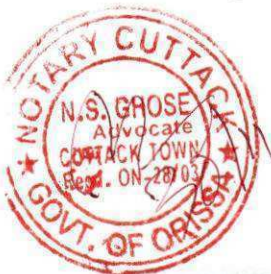

The humble application of the  
Petitioner above named.

*Seal*

**Most Respectfully Sheweth :-**

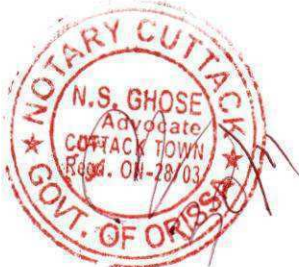

1. That, by means of the accompanying Writ Petition, the Petitioner has been constrained to approach this Hon'ble Court invoking its extra-ordinary jurisdiction vested under Articles 226 and 227 of the Constitution of India, 1950 challenging the Show-Cause Notice No. 10/2023-SLES/3601/Mines dated 19.11.2024 ("**Impugned Show Cause Notice dated 19.11.2024**") and consequential Demand vide Notice No. VII (C) 10/2023(SLES)-3664/Mines dated 27.11.2024 ("**Impugned Demand Notice dated 27.11.2024**") issued by the Deputy Director of Mines, Joda Circle, Keonjhar for being issued in complete and brazen violation of the very principles of natural justice, as well as being bad in law, arbitrary, unreasonable, and hit by Articles 14, 19(1)(g) and 300-A of the Constitution of India, 1950.
2. That the averments made in the accompanying writ petition may be read as a part and parcel of the present interim application.
3. That it is submitted that the Impugned Demand Notice and the Impugned Show Cause Notice are in flagrant violation of the principles of natural justice as the said notices have been based upon SLES Report and the Committee Report which were not

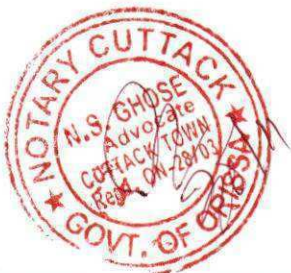

shared with the Petitioner despite repeated requests. Thus, the Petitioner was deprived of its right to a fair and effective hearing. Further, in the absence of the documents forming the foundation of the allegations, the allegations in the Impugned Show-Cause Notice dated 19.11.2024 are vague and unintelligible in nature.

4. That, it is further submitted that the Impugned Demand Notice dated 27.11.2024 is a cryptic and unreasoned order that has been passed without any application of mind and with total disregard to the response furnished by the Petitioner.
5. That apart, it is submitted that the entire process has been conducted as an empty formality with a pre-meditated mindset which is evident from the prejudicial and unusually hasty manner in which the Petitioner was denied a fair and effective opportunity of being heard. Such arbitrary and biased approach of the Opposite Parties is especially evident since the subject matter of the dispute is complex and technical in nature. In view of the absence of foundational documents and the unreasonably short time granted, the Petitioner's ability to present a fair and effective response, further exacerbated the prejudice caused.

6. That, the Petitioner apprehends that the Opposite Parties may block its access to i3MS portal if it does not pay the Impugned Demand which has been levied arbitrarily, illegally, unlawfully, unreasonably, without application of mind and in blatant violation of principles of natural justice. In the event that the Opposite Parties block Petitioner's access to i3MS portal, the Petitioner shall be effectively prevented from carrying any mining operations, including sampling and dispatch of minerals and would thus be unable to exposed to further penalties apart from grave financial loss and market reputation.
7. That, on the facts and in the circumstances of the case, the Petitioner submits that it would be just and proper and in the interest of justice to grant interim relief during the pendency of the writ petition for (i) staying of Demand Notice No. VII(C)10/2023(SLES)-3664/Mines dated 27.11.2024 issued by the Deputy Director of Mines, Joda vide Annexure-9; and (ii) a direction that no coercive action should be taken against the Petitioner in respect thereof.
8. That the Petitioner has a strong prima facie case and the balance of convenience lies in favour of the Petitioner, and unless the relief as prayed for is granted, the Petitioner would be grossly prejudiced.

9. That this petition is *bonafide* and has been filed in the interests of justice.

**PRAYER**

In these circumstances, it is most respectfully prayed that this Hon'ble Court may graciously be pleased to pass an order directing the stay of Demand Notice No. VII(C)10/2023(SLES)-3664/Mines dated 27.11.2024 issued by the Deputy Director of Mines, Joda vide Annexure-9, and may further be pleased to direct the Opposite Parties to not take any coercive action against the Petitioner during the pendency of the writ petition;

And/or pass any other or further order (s) as deemed just and proper in the facts and circumstances of the case.

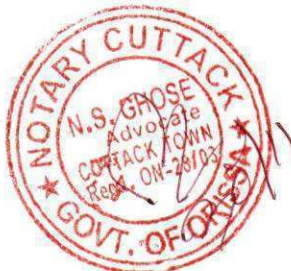

And for this act of kindness, the Petitioner shall as in duty bound ever pray.

**AFFIDAVIT**

**IN THE HON'BLE HIGH COURT OF ORISSA: CUTTACK**

**I.A. No. 16200 of 2024**

**(Arising out of W.P. (C) No. 30390 of 2024)**

In the matter of:

M/s JSW Steel Limited

..... Petitioner.

-Vrs-

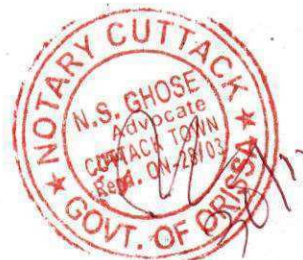

State of Odisha and Ors.

..... Opposite Parties.

I, Mr. Mrutyunjaya Mahapatra, aged about 49 years, son of Shri Janmejaya Mahapatra, residing at Plot No. 570/70, Main Road, Punama Gate, Bhubaneswar, Odisha, do hereby solemnly affirm and state as follows:

1. That I am presently serving as the General Manager- Legal of the Petitioner Company and I have been duly authorised by way of Power of Attorney dated 12.07.2024 to swear this Affidavit on behalf of the Petitioner Company.

2. That the cause of action out of which this Writ Petition arises was never before this Hon'ble Court as per instruction received from the Petitioner Company.

7

3. That the contents of the Interim Application be read as a part and parcel of the present affidavit and are not repeated for the sake of brevity.
4. I say that the annexures filed along with the Petition are true and copies of their respective originals.
5. That the facts stated in the abovementioned Interim Application are true and correct to the best of my knowledge and information derived from records. The legal submissions are being made as per the advice of counsel which I believe to be true. The prayer clause, I believe, is true as per the legal advice received. And I also declare as follows:-

#### Declaration

I, Mr. Mrutyunjaya Mahapatra, aged about 49 years, son of Shri Janmejaya Mahapatra, residing at Plot No. 570/70, Main Road, Punama Gate, Bhubaneswar, Odisha, General Manager-Legal of the Petitioner Company above named, do solemnly affirm that the facts stated in paragraph 1-9 of the Interim Application are true to my own knowledge and facts in paragraph 1-9 are true and correct to the best of my information which I obtained from records indicated in the Annexures to this Interim Application and based on records maintained by the Opposite Party and/or the Petitioners.

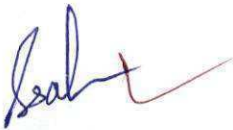

I believe the information to be true as they are based on records maintained by the Petitioner/Opposite Party as indicated in the annexures to this Interim Application.

8
